

GRADUATE FINAL EXAM

Outline

Effective for students starting the M.S. in Sport Management program in Fall 2020 and beyond.

Any non-thesis M.S. seeking student majoring in Sport Management must complete the following two requirements as part of their Graduate Final Exam for the Sport Management M.S. degree:

1. **Writing Component:** Successful completion of the Sport Management M.S. core courses writing assignment requirements as noted in the respective core course syllabus. The grading of this part is subject to the course policies.
2. **Submit a Professional Portfolio.** The Portfolio is the final step in the degree process and must be submitted in the student's final semester prior to graduation.

1. WRITING COMPONENT INSTRUCTIONS

The student must complete all core courses to graduate from the Sport Management M.S. program. In each core course (except HLP 6515 and SPM 5506), there will be a key assignment that will assess the knowledge levels of the student on the course material that is equivalent of a graduate final exam evaluation. The instructor will have marked the assignment clearly on the syllabus. The following statement will be on every syllabus of the core courses except for HLP 6515 and SPM 5506.

Core Courses Syllabus Statement about Graduate Final Exam Requirement:

Graduate Final Exam Requirement (ONLY for New Fall 2020 Students and beyond)

During this course, the successful completion of the _____ paper will fulfill a requirement of the Graduate Final Exam which is a requirement to be completed prior to the completion of the M.S. in Sport Management degree at the University of Florida. To successfully complete the _____ paper, the student must earn a minimum of 80% on the assignment. A failure to meet the minimum of 80% will require the student to rewrite and resubmit the _____ paper to the instructor by the stated deadline which will be before the end of the semester. However, the rewrite grade will not count towards the course but will count towards the successful completion of that Graduate Final Exam portion. A failure to successfully rewrite and resubmit the _____ paper will result in earning an "Incomplete" (I) grade for the course until the requirement has been met. (Please note: An "Incomplete" (I) grade becomes punitive to your overall GPA approximately one semester following the assigned "Incomplete" grade.) It is the student's responsibility to arrange with the instructor and agree in writing the timeline for successfully completing the _____ paper in fulfillment of the Graduate Final Exam portion. If the student successfully earns a minimum of 80% on the first submission of the _____ paper, then no further action is necessary.

Submission Guidelines for Writing Component Grade Report – You will be added to a Canvas site to submit your Writing Component grades earned for the key assignment in each of the core courses. These grades will be compared to the grades recorded by the instructor. If you are currently completing any of the core courses, please report "in progress". Remember, if you earn below an 80% on the key assignment, then you have to resubmit the assignment to earn an 80% or higher before the end of the semester. If the resubmission and earning of an 80% or above does not occur before the end of the semester, then you will receive an "I" (Incomplete) grade in the course until the appropriate grade is received.

2. PROFESSIONAL COMPONENT INSTRUCTIONS

Completion of the Professional Portfolio provides the student the opportunity to (1) reflect and share their professional passion and the qualities they have developed to position themselves to be competitive for a career in pursuit of that passion and (2) connect with resources and intentionally organize their thoughts and documents to support their efforts in seeking employment opportunities.

Submission Guidelines for Professional Portfolio - You will be added to a Canvas site to submit your professional portfolio during the semester in which you will graduate. Your submission must be in accordance with APA 6th or 7th edition (e.g., cover page, table of contents, header, page numbers, section and subsection headings, margins, font, spacing), and begin each section on a new page. Failure to follow these instructions or the submission of plagiarized work, may result in failure of the Professional Portfolio and a delay of your graduation.

Submission Deadlines - If the due date falls on a holiday, then your portfolio and grade report are due the prior day

1. December graduation: Last Friday of October
2. Spring graduation: First Friday of March
3. Summer graduation: Last Friday of June

Each section of the portfolio will be evaluated on a 5-pt scale (i.e., 1=Poor to 5=Excellent). If ANY section does not meet the academic standards (i.e., 4 or 5 rating), the student may be asked to rewrite that section.

Section I. ALUMNI INFORMATION
