Course Description

This course examines the principles of leadership and management in the sport setting.

Purpose of Course

This course is designed to explore the critical function of leadership in the management of sport organizations. Building from the academic foundations of industrial psychology, organizational behavior, and organizational theory, we consider the degree to which leadership is of strategic importance to organizational operations. We approach the topic from a variety of directions (including classical leadership theory, biographical studies, analyses of contemporary issues of leadership, philosophical debate, and personal experiences) and disciplines (both inside sport and out). In addition to gaining an advanced understanding of leadership theory and practice, students will consider their own approaches to leading organizations. This course will not produce new leaders. Instead, it will provide students with an environment to engage in critical thought, scholarly discourse, and philosophical debate about what it means to lead.

Course Objectives

After successfully completing this course, students should be able to:

1. Define leadership based on myriad attributes and actions rather than position in the organization
2. Identify examples of leadership from a number of unique perspectives
3. Apply classical leadership theory to contemporary management challenges
4. Collaborate with colleagues and propose real-world solutions to contemporary sport management issues
5. Develop personal leadership philosophies designed to guide future decision making
6. Recognize the scope of their own organizational influence as leaders in the sport industry

COURSE INFORMATION AND POLICIES

1. Please be aware that the online learning platform can sometimes present significant challenges. Unlike traditional classroom settings in which each student gets the same class at a set time and day, the online setting is available to you 24 hours a day and gives students the opportunity to tailor class to their schedule. Please note, however, this course is not entirely self-paced.
2. There are select times during which modules and course materials will be available to you. You can view each module's lectures at any time during the dates in which the module is open. However, quizzes, exams, discussion questions and other assignments will only be made available to you until the due date(s) listed. There will be no class meetings for me to remind you of important due dates so please be sure to reference the syllabus to familiarize yourself with these critical deadlines.
3. All assignments, discussions, quizzes, exams, etc. are to be submitted by 11:59pm on the date for which the item is due. Discussions, quizzes, and exams submitted after this time will not be eligible for credit.
4. There may be interactive meeting times scheduled throughout the semester. These dates and times will be determined according to student and instructor availability.
5. If personal circumstances arise that interfere with your ability to meet a deadline, please let me know as soon as possible prior to the deadline. Only university accepted excuses will be accepted and documentation must be provided before make-up work is accepted. Requirements for make-up quizzes, assignments, and other work are consistent with university policy:
<http://gradcatalog.ufl.edu/content.php?catoid=5&navoid=1054#attendance>.
6. If you experience trouble with Canvas, your browser, access to your GatorLink account, or any other relevant issues, please contact the UF Computing Help Desk (352) 392-HELP (4357). In addition, please email me immediately. When available, please be sure to send me a screenshot of the issue. I will attempt to respond to your emails within 24 business hours. Please remember to include the course prefix and number in your emails and that all correspondence must be presented in a professional manner.
7. Students with disabilities requesting accommodations must first register with the Dean of Students Office (www.dso.ufl.edu/drc/). The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation. You must submit this documentation prior to submitting assignments for taking the quizzes or exams. Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.
8. You have up to three (3) days after the posting of a grade to contact me regarding any issues or concerns, after which the grade is final. Grades are based on a point scale and will not be rounded.
9. This syllabus represents the tentative plans and objectives for the course. As we go through the semester, plans may need to change to enhance a course learning opportunity. Such changes will be communicated clearly, and are not unusual and should be expected.

Academic Integrity

Any individual who becomes aware of an honor code violation is committed to take corrective action. Academic honesty and integrity are fundamental values of the University community. Students should be sure that they understand the UF Student Honor Code at <https://www.dso.ufl.edu/students.php>.

Honor Code Policy: "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding the Honor Code."

Course Format

This course is an online course and all class sessions (including discussion sessions) will be delivered through Canvas. The course is organized around weekly content, and four units make up each weekly content as follows:

1. Lectures
2. Readings
3. Quizzes
4. Discussion Questions

Lectures, Readings and Quizzes

Key concepts will be presented through very brief lectures at the beginning of each module. Each lecture will provide an overview of the central ideas associated with specific concepts for each module. The primary purpose of the lecture is to lay the foundation of the various concepts and topics of sport mass media. The primary purpose of the readings is to further explore the specific topics or roles that pertain to sport mass media. A quiz covering the readings for each module will be administered prior to discussions.

Discussion Questions

Discussion questions are used to weave key concepts presented in the lectures and readings into an integrated whole in order to further develop an understanding of the phenomenon in sport. To successfully complete and fully participate in the discussion questions, students will have to do the following:

- View the lectures
- Read and understand the assigned readings prior to the beginning of a discussion
- Prepare and post answers (**150-200 word limit combined**) to the posted discussion questions
 - Two of the ten discussion questions must be answered via video (**2-3 minutes**)
 - If not completed, the last two weeks of discussions will be counted as a 0 and cannot be dropped
- Respond to two discussions by supporting/disputing the views of others (**50-100 word limit each**)

In summary, each weekly content will include five key tasks:

1. *Watch* the lecture
2. *Read* the assigned readings
3. *Complete* the reading quiz
4. *Post* written responses to the discussion questions
5. *Post* your reaction to other student's discussion answer and interact with other students

PERFORMANCE EVALUATIONS

Leadership Dossier (Sports ManagerDISC Profile)

Each student will complete the Sports ManagerDISC Profile, discuss the results, and use the results to develop a personal leadership growth plan by writing a mission statement for his/her life, identifying core values, showcasing his/her existing experience and professional goals, describing current leadership skills, developing a personal philosophy on leadership, and then describing an action plan for personal leadership development. (The Sports ManagerDISC Profile is an online sports assessment to support team managers, sports administrators and other professionals working in the sports industry, in their personal and professional development.) Specific assignment details and requirements will be provided via Canvas.

TED Talk Presentation

Students will be responsible for presenting a 6-9 minute TED Talk to the class on a Management and Leadership in Sport topic that teaches and moves the audience. The delivery of the TED Talk should be passionate, intentional, and include a storytelling component. The Talk must be supported by the use of two research articles from the top-tier sport management research journals. The topic must be submitted via the Canvas *Discussion* by the due date and approved by the instructor. Students will be required to view all of the group presentations by a specific date and will be required to comment on two other TED Talks via the *Discussions* link. Specific assignment details, requirements, and examples will be provided via Canvas.

Gator-To-Gator Leadership Connections

Students will explore leadership strategies through authentic interactions with alumni/ae, while learning about leadership in the real world. Each student will be assigned two UF TRSM alums. During the first few weeks of the semester, alums will be identified based upon goals and field of interest. You will be required to initiate communication with your matches and have two (2) conversations with the alums. The first will be a “get to know you” conversation, and you will submit an “alumni profile” on each alum. The second will be a semi-structured interview on “leadership in the real world”, and you will submit (1) a 100-word summary of takeaways from the conversation, and (2) a paper highlighting themes from the conversation, comparing those to themes you have discussed/read in the course. Then, you will be responsible for presenting a 5-6 minute presentation based on your interactions with your alumni. Specific assignment details and requirements will be provided via Canvas.

Reading Quizzes

There will be ten reading quizzes throughout the semester, and the two lowest grades will be dropped. Reading quizzes will consist of 5 questions and you will have 8 minutes to complete them. Reading quizzes will be available Wednesday to Saturday via Canvas and are due by 11:59pm ET Saturday; however, you only get one opportunity to complete it. Reading quizzes are *open* notes. We are not responsible for computer/connection errors, so please make sure you use a reliable computer with a secure connection and take the quizzes earlier in the day to leave you more time in case there is an issue. If you do have technical difficulties, be sure to contact the UF Help Desk and email me immediately with a screenshot of the issue.

Discussion Questions

There will be ten discussion questions throughout the semester, and the two lowest grades for each student will be dropped. The discussion questions will pertain to both lecture and reading materials for that week. The discussion questions will be available to you and answered in the *Discussions* link via Canvas. For every week discussion questions are due, each student must answer the questions in 150-200 words in combined length by Friday and post reactions that are 50-100 words in length each to at least two other students' posts by Sunday. For two of the discussions, the discussion questions (not reactions) must be answered by recording a 2-3 minute video in Canvas via the “Record Media” icon in the *Discussions* link via Canvas. If not completed, the last two discussions will be counted as a 0.

Exams

There will be two exams throughout the semester. The exams will consist of 5-7 short answer questions and you will have 40 minutes to complete them. Exams will be available for a four day period via Canvas and are due by 11:59pm ET on the due date; however, you only get one opportunity to complete it. Exams are *closed* notes. Please make sure you use a reliable computer with a secure connection and take the exams earlier in the day in case there is an issue because we cannot be responsible for technology errors. If you have technical difficulties, be sure to contact the UF Help Desk and email me immediately with a screenshot of the issue.
