## **Purpose of the Course**

Sponsorship spending accounts for over \$23 billion annually in North America alone. Sports sponsorship accounts for roughly 70 percent, or \$16.37 billion annually. In this class we will aim to understand how sports sponsorship differs from advertising and why it is seen as an effective marketing tool. Through the exploration of various types of sponsorship, students will also be able to formulate their own creative solutions to achieve partner brand objectives. Further, students will gain a firm understanding in how sports sponsorships are sought out, formulated, evaluated, and activated to produce positive ROI and ROO for partner brands.

## **Course Objectives**

After successfully completing this course, students should be able to:

- Ascertain the difference between advertising and sponsorship and why companies utilize sports sponsorship as an effective marketing tool
- Identify and differentiate between various sports sponsorship categories and benefits
- Distinguish upon and demonstrate how to research prospective sponsors
- Formulate a sponsorship proposal and effectively “pitch” ideas through story telling
- Articulate and categorize the keys to effectively negotiate and how to overcome objections
- Dissect and evaluate effective sponsorship proposals
- Summarize what sponsorship activation is and illustrate how to increase your likelihood of retaining and/or upselling partners
- Classify and differentiate between key performance indicators (KPI) for sponsorship recaps such as ROI and ROO
- Report upon the key reasons partnerships succeed or fail

## **Course Information and Policies**

1. Please be aware that the online learning platform can sometimes present significant challenges. Unlike traditional classroom settings in which each student gets the same class at a set time and day, the online setting is available to you 24 hours a day and gives students the opportunity to tailor the class to their schedule. Please note, however, this course is not entirely self-paced.
2. There are select times during which modules and course materials will be available to you. You can view each module’s lectures at any time during the dates in which the module is open. However, quizzes, exams, discussion questions and other assignments will only be made available to you until the due date(s) listed. There will be no class meetings for me to remind you of important due dates so please be sure to reference the syllabus to familiarize yourself with these critical deadlines.
3. All assignments, discussions, quizzes, and exams submitted after this time will not be eligible for credit.
4. If personal circumstances arise that interfere with your ability to meet a deadline, please let me know as soon as possible prior to the deadline. Only university accepted excuses will be accepted and documentation must be provided before make-up work is accepted. Requirements for make-up quizzes, assignments, and other work are consistent with university policy: <http://gradcatalog.ufl.edu/content.php?catoid=5&navoid=1054#attendance>.
5. You have up to three (3) days after the posting grade to contact me regarding any issues or concerns, after which the grade is final. Grades are based on a point scale and will not be rounded.

6. This syllabus represents the tentative plans and objectives for this course. As we go through the semester, plans may need to change to enhance the learning opportunity. Such changes will be communicated clearly.

### **Accommodations for Students with Disabilities**

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <http://www.dso.ufl.edu/drc/>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

### **Course Evaluations**

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu/>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>.

### **University Honesty Policy**

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<https://www.dso.ufl.edu/sccr/process/student-conducthonor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions.
