Agenda Item:	Honors Eligibility	Presenter:	Holly
<p>Committee agreed it is not necessary to implement a minimum number of hours at this time. The HEB case is around a student who will be graduating with a total of 37 hours from UF. The question was whether she should be allowed to pursue magna/summa cum laude with this number of hours. The Committee feels this is an unusual case. When taking into consideration the decrease in the number of transfer students be accepted (especially those from 4 year institutions) it does not seem likely this situation will come up again. Motion was made that the Committee will re-evaluate if similar situation were to occur two more times.</p>			

Meeting adjourned at 4:30 p.m.
