

*Q1.* APPLIED PHYSIOLOGY AND KINESIOLOGY (APK) INTERNSHIP SITE APPROVAL FORM

## Q2.

The **Department of Applied Physiology and Kinesiology** (APK) at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all undergraduates complete a 12-credit internship experience and graduate students complete a 5-credit internship experience during their final semester. The experience requires a minimum of 520 clock hours for undergraduates and 600 clock hours for graduate students, or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters or 40-45 hours a week for 13 weeks, for the Summer semester. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest within their specialization. The specializations within the department are:

**Exercise Physiology (Undergraduate)**: Prepares students interested in pursuing a career in one of the health professions or graduate study in exercise science. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. For intern hours in this specialization, students are expected to complete hours in a biomedical research setting related to exercise and/or sport.

**Fitness/Wellness (Undergraduate)**: prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies. The curriculum emphasizes practical aspects of fitness and wellness.

**Human Performance (Graduate)**: The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students will be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the <u>APK Internship Policies and Procedures</u> Document to gain a better understanding of the expectations of students and site supervisors during the experience.

UF	HEALTH	REHAB	-MAGNOL	IA PARKE
----	--------	-------	---------	----------

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

MAGNOLIA PARKE- 4740 NW 39TH PLACE, SUITE D GAINESVILLE, FL 32606

Q7. Name of Individual Who Will Receive Applications From Students

THOMAS HENDRICKS

Q8. Email Address of Individual Who Will Receive Applications From Students

HENDRT@SHANDS.UFL.EDU

Q9. Phone Number of Individual Who Will Receive Applications From Students

352-265-5200

Q10. URL of Website For Organization

https://ufhealth.org/uf-health-rehab-center-magnolia-parke

*Q11.* Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Thomas Hendricks, Mike Hodges

*Q12.* Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

hendrt@shands.ufl.edu, hodgmj@shands.ufl.edu

*Q13.* Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

352-265-5200

Q14. What Semester(s) Is Your Organization Available To Accept Interns?

- Fall (August December)
- Spring (January April
- Summer (May August)

*Q15.* APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

Undergraduate Students

Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

up to 10

*Q17.* Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

most students will work normal schedule of assigned CI, 40 hours a week. Some clinicians work 4 hours on Saturday.

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

No parking pass, need business casual dress, student ID

na

Q23. List required skills or previous experience necessary for interning with your organization

PREFER THOSE STUDENTS LOOKING TO MOVE INTO PHYSICAL THERAPY, OCCUPATIONAL THERAPY. WE LIKE TO INTERVIEW STUDENTS TO ASSURE PROPER FIT FOR STAFF AND STUDENT, TO MEET EXPECTATIONS, FOR POST GRADUATE COURSE, OR FIELD OF STUDY.

*Q24.* List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

IMMUNIZATTIONS, FLU SHOTS, COMPREHENSIVE LIST ON FILE WITH APK STAFF/ADVISORS

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

- INSTRUCT, INTERACT WITH PATIENTS WITHIN SCOPE TEACHING EXERCISE -EDUCATE ON HEALTH MAINTENCE, BENEFITS -JOURNAL REVIEW/DISCUSSION OF CURRENT THERAPY/PHYSIOLOGY RESEARCH, BENEFITS

Q26. Please describe a typical day for the intern:

INTERACT WITH CI/PATIENTS, TEACHING EXERCISE, AND PRINCIPALS OF EXERCISE, BENEIFTS FOR RECOVERY, HEALTH

Q28. Interns must be evaluated on at least 6 of the following 9 Student Learning Outcomes (SLO's). Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.

- Integrate principles and methods of math, social sciences, and arts and humanities to applied physiology and kinesiology, health, wellness, and/or fitness environments.
- Identify and relate the nomenclature, structures, and locations of components of human anatomy to health, disease, and physical activity.
- Identify, examine, and explain physiological mechanisms of Momeostasis at various levels of an organism (i.e., cells, tissues, organs, systems).
- Investigate and explain the effects of physical activity on psychological health as well as the perspectives used to enhance adherence to healthier lifestyles.
- Identify and explain the acute and chronic anatomical and physiological adaptations to exercise, training, and physical activity.

- Select and utilize the appropriate scientific principles when assessing the health and fitness of an individual and prescribing physical activity based on those assessments.
  - Solve applied physiology and kinesiology problems from personal, scholarly, and professional perspectives using fundamental concepts
- of health and exercise, scientific inquiry, and analytical, critical, and creative thinking.
- Collect, compare, and interpret qualitative or quantitative data in an applied physiology and kinesiology context.
- Effectively employ written, oral, visual, and electronic communication techniques to foster inquiry, collaboration, and engagement among applied physiology and kinesiology peers and professionals as well as with patients, clients, and/or subjects.

Q29. Would you like to be added to the Department's list of approved sites for future interns?

- Yes
- No

Q32. Have you reviewed the APK Internship Policies and Procedures Manual?

- Yes
- No

Q30. Signature of Individual Who Will Be Receiving Internship Applications

dric clear

Q31. Signature of Individual Who Will Be Supervising And Evaluating Students During The Internship
