COURSE DESCRIPTION

Provides the student with the opportunity necessary to grow both clinically and professionally within the field of athletic training through attendance at seminars, and the integration and synthesis of cognitive and psychomotor skills learned in previous semesters. *Pre-Requisite: ATR 4832 with minimum grade of C.*

LEARNING OUTCOMES

1. Recognize and evaluate common illnesses and injury to various body systems (i.e., cardiovascular, gastrointestinal, dermatological, orthopedic, etc.) and congenital or acquired abnormalities, physical disabilities and diseases.
2. Apply basic principles of pharmacology within the athletic training/sports medicine setting
3. Identify signs and symptoms of pathological conditions present in athletes with certain disabilities
4. Demonstrate proper communication and documentation used during an injury/illness assessment
5. Apply common healthcare administration principles (e.g., appropriate documentation, ethic decision-making, budgetary issues, purchasing/inventory, etc.).
6. Demonstrate leadership and interpersonal communication for effective clinical practice
7. Design an individualize plan for Board of Certification (BOC) examination preparation; identify area(s) of review to meet minimum expectations of the BOC examination candidate

COURSE REQUIREMENTS AND POLICIES

Examinations and Practical Examinations: There will be NO make-up examinations unless exceptional conditions occur (as defined in the University of Florida Undergraduate Catalog). Please see this link for more information.

<http://www.registrar.ufl.edu/catalog/policies/regulationattendance.html> Prior permission from the professor is required. There will be a time limit for each examination. Examinations will evaluate the understanding of material from lecture, text, and other supplemental material provided. As part of the CAATE requirements for completion of *Educational Competencies and Proficiencies*, **all students must pass (i.e., earn a "C" = 72% or higher) assessments of this material or complete remediation before moving on to the next course in the AT Program.** Students may complete up to two additional remediation opportunities, beyond the original assessment, to successfully pass a skill (practical exam) or content area (written/e-learning exam) within this course. Any student who cannot successfully complete the required CAATE competency and/or proficiency examinations after two remediation sessions will have their case reviewed by the AT Steering Committee. Students who require remediation two or more times throughout the semester on written and/or practical exams may also have their case reviewed by the AT Steering Committee.

Assignments: Assignments are due at the onset of class on the date assigned to them or submitted prior to the designated deadline in e-learning. **Please type all assignments** unless otherwise stated in the directions. **LATE ASSIGNMENTS ARE NOT ACCEPTED!** If you will be traveling for a University sanctioned event and will miss an assignment due date, your assignment is due **before** you leave. You must notify me with an explanation for missing class, in writing (email or letter), to receive an excused absence for class. Students are responsible for all materials missed because of an absence.

Laboratory Experiences: Laboratory experiences conducted throughout the semester may occur in Yon Hall 1, 11 or off-site at one of the local AT facilities. Attendance and participation with laboratory experiences is required. Written notification of an absence (i.e., email) prior to class is required for an absence to be excused (see university regulations as stated above). Details/specific requirements for lab experiences will be available in Sakai prior to the lab date. Students must wear proper attire (e.g., gym shorts, tank tops, sports bras, etc.) during all lab experiences.

Clinical Experience: Clinical experience hours and all associated documentation (i.e., midterm

evaluations, final evaluations, clinical preceptor evaluations, etc.) are required components of this course. Please note – clinical experiences may begin or end outside of the traditional academic calendar (e.g., preseason, postseason); each clinical site supervisor will clarify expectations. If preseason or postseason is an expectation of the site, then it is considered a required component of the clinical experience. Emergency Cardiac Care, First Aid, Bloodborne Pathogens, HIPAA, and other program requirements must be current and on file to complete any clinical experience.

Volunteer Experiences: To enhance the valuable clinical opportunities available to athletic training students at the University of Florida, each will complete a minimum of 3 volunteer experiences (outside of their assigned clinical experience) per semester. Volunteer experiences may include (but are not limited to) 1) tournaments or multi-team events hosted by the University Athletic Association, Inc., Santa Fe College or Alachua County Public or Private High Schools (i.e., cross-country meet, indoor or outdoor track & field events, high school wrestling tournaments, Florida Relays, NCAA regional or national events, District or Regional high school events), 2) Professional Development Experiences (i.e., attending or presenting at SEATA Student Workshop, ATAF, NATA, High School Workshops), 3) Research Study Participation (note: should have a multi-day commitment or a minimum of 4 hours) and 4) Local Area Community Relations Events or Other Faculty Approved Events. Academic faculty must approve all volunteer experiences **prior** to completion; please document electronically using the current Volunteer Experience Form.

Disciplinary Policy: Athletic Training students who receive a written disciplinary warning during the semester will receive a ½ letter grade reduction in the corresponding clinical experience course for that timeframe (e.g. A to an A-; A- to B+, etc.). The half letter grade reduction will occur after all other grades are counted. If a written warning is received when classes are not in session (between semesters) the ½ letter grade reduction will be applied on the student's previous clinical course through grade change. For example, a Junior Athletic Training student assigned to a UAA Basketball Preceptor who receives a written disciplinary warning over winter break will receive a ½ letter grade reduction in their Fall clinical course (ATR4812: AT Clinical Experience I). Written disciplinary warnings may be given by Athletic Training program Preceptors or Faculty. Please refer to the Policy and Procedure manual for additional information.

Attendance and Participation: Attendance is mandatory. Students must provide a written notification of an absence (i.e., email) at least 24 hours prior to the class; excused absences will be evaluated based on University policy. Students with an excused absence will be afforded make-up opportunities under the university guidelines. Prior preparation through chapter readings and outlining will enable active participation for productive discussions. Requirements for class attendance and make-up exams, assignments, and other work are consistent with university policies found in the online catalog <https://catalog.ufl.edu/UGRD/>

Student Conduct Policy:

- All students are expected to conduct themselves in a respectful and responsible manner
- All students are expected to be on time for class
- All students are expected to turn off or silence their cell phones
- All students are expected to not participate in actions that may disrupt the class
- The instructor reserves the right to ask any student to leave the classroom, if the student violates any the above class procedures

Critical-Thinking Questions and Participation: Each student, as part of his/her participation, is expected to ask questions. Insightful questions will be monitored during the course and contribute to participation grade. In addition, attending class, contributing to class, and useful information provided during class will be counted toward your participation grade. Any class period listed as "discussion", requires prior review of posted content to facilitate a valuable learning experience. Failure to come to class "prepared" creates an ineffective environment for valuable exchange of information. The instructor will use the rubric in the table below to assign participation points during discussion sessions (see dates within the course schedule listed as “discussion”).

Excellent	10 pts	<ul style="list-style-type: none"> • Defines, describes, and illustrates concepts • Explains, assesses and criticizes ideas • Demonstrates preparation and reading of assignments
Good	8 pts	<ul style="list-style-type: none"> • Defines, describes, and illustrates concepts • Explains, assesses and criticizes ideas • Evidence of reading assignments, but not fully prepared
Reasonable	6 pts	<ul style="list-style-type: none"> • Defines, describes, and illustrates concepts • Explains, assesses, or criticize some ideas • Evidence of incomplete reading of assignments and preparation
Basic	4 pts	<ul style="list-style-type: none"> • Defines and describes some concepts • Explains but cannot assess and criticize ideas • Clearly unprepared and lacking evidence of reading assignments
Bare Minimum	2 pts	<ul style="list-style-type: none"> • Defines and describes some concepts • Unable to explain, assess, or criticize ideas • Clearly unprepared and lacking evidence of reading assignments
Unacceptable	0 pt	<ul style="list-style-type: none"> • Refuses to engage in discussion or answer questions when asked • Engaged into inappropriate behaviors (using cell phone, social media, visiting irrelevant websites) • Not present

Plagiarism: Defined as the use and appropriation of another's work without any indication of the source and the representation of such work as the student's own. Any student, who fails to give credit for ideas, expressions or materials taken from another source, including internet sources, projects/papers submitted for another course (either intentional or unintentional), is guilty of plagiarism (*please refer to the AT Program Plagiarism Policy in the Student Handbook*).

COLLEGE/UNIVERSITY-WIDE POLICIES

Academic Honesty: As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity." Students will exhibit behavior consistent with this commitment to the UF academic community. Academic misconduct appears in a variety of forms (including plagiarism) and may be punishable in a variety of ways, from failing the assignment and/or the entire course to academic probation, suspension or expulsion. On all work submitted for credit by students at the university, the following pledge is either required or implied: "**On my honor, I have neither given nor received unauthorized aid in doing this assignment.**" Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Faculty will not tolerate violations of the Honor Code at the University of Florida and will report incidents to the Dean of Students Office for consideration of disciplinary action. The Honor Code <https://sccr.dso.ufl.edu/process/student-conduct-code/> (Links to an external site) specifies a number of behaviors that are in violation of this code and the possible sanctions. If you have questions about what constitutes academic misconduct before handing in an assignment, see your instructor.

Academic Assistance and Student Services: Students who are in need of academic, career, or personal counseling services are encouraged to see the academic assistance website for further information on available services. http://www.ufadvising.ufl.edu/academic_assistance/ (Links to an external site.)Links to an external site.

ADA Policy: The University of Florida provides accommodations for students with documented disabilities. For more information regarding services and procedures for requesting accommodations visit <http://www.dso.ufl.edu/drc/> (Links to an external site.)Links to an external site. or call 352.392.8565. Students requesting classroom accommodation must first register with the Disability Resource Center. The Disability Resource Center will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Campus Resources: U Matter, We Care: Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu; a nighttime and weekend crisis counselor is available by phone at 352.392.1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.
