Office Phone: 352-294-1726

Email: [pborsa@ufl.edu](mailto:pborsa@ufl.edu) (Preferred Method of Contact)

### OFFICE HOURS

MW 2:00-2:50pm or by appointment

### MEETING TIME/LOCATION

MWF Period 8 (3:00 - 3:50pm, FLG 280)

**Course Description:** Prevention of athletic injuries, including protective equipment, safe facilities and proper supervision of practice and contests. Recognition, referral, and follow-up of injuries in athletics. Legal implications of athletic training.

**Prerequisite Knowledge and Skills:** APK2100C Human Anatomy

**Course Learning Objectives:** Upon completion of this course, the student will be able to:

- Appraise current literature regarding sport-related injury prevention and management
- Differentiate common signs and symptoms between common sports-related injuries
- Differentiate injury mechanisms between common sports-related injuries
- Recognize the importance of prevention strategies used to reduce sport-related injuries
- Describe the proper first aid and management of common sports-related injuries

### Required and Recommended Materials:

- William Prentice: **Essentials of Athletic Injury Management**. McGraw Hill Education, Boston, MA, 2013. **(Recommended)**
- Lectures and lecture notes can be downloaded from UF/e-Learning (Canvas System).

**Course Format:** The course will primarily use a traditional classroom lecture format for scheduled class meeting times. Additional lecture material may be available to students on the CANVAS site. Some lectures may be pre-recorded and uploaded to the Modules section on CANVAS as needed. Students are expected to take notes using the lecture notes provided. Lectures notes can be found in the files section.

### Course and University Policies:

**Attendance Policy:** Attendance and punctuality are expected and highly recommended. Make every effort to attend all lectures. Attendance will not directly affect your grade. However, some concepts will be made ONLY during class lecture (**and are not in the lecture notes**) and may be part of your quizzes and examinations.

**Personal Conduct Policy:** Students are expected to exhibit behaviors that reflect highly upon themselves and our University. UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<http://www.dso.ufl.edu/sccr/process/student-conduct-honor->

[code/](#)) specifies a number of behaviors that are in violation of this code and the possible sanctions. All potential violations of the code, regardless of severity, will be reported to Student Conduct and Conflict Resolution. If a student is found responsible for an Honor Code violation in this course, the instructor will enter a Grade Adjustment sanction which may be up to or including failure of the course. Specifically, any use, access, or handling of technology during an exam will result in a zero on the exam and further educational sanctions per the University.

**Policy on Missed Assignments Due to Illness, Family Emergency or Death:** If you have an illness, family emergency or death, please contact the Dean of Students Office ([www.dso.ufl.edu](http://www.dso.ufl.edu)) and follow the DSO Care Team procedures for documentation and submission of a request for make-up assignment (<https://care.dso.ufl.edu/instructor-notifications/>). The DSO will contact the instructor. Do not provide any documentation to the instructor regarding illness or family emergency. This is your personal and protected information. The DSO is qualified to receive and verify the documents you provide. The instructor will follow the recommendations from the DSO. "Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>."

**Exam/Quiz Make-up Policy:** No makeup examinations or quizzes will be given without a serious and/or compelling reason.

**Step 1: Get documentation of your illness or emergency.** A student experiencing an illness should visit the UF Student Health Care Center or their preferred healthcare provider to seek medical advice and obtain documentation. If you have an emergency you wish to remain more private, you may contact the Dean of Students Office ([www.dso.ufl.edu](http://www.dso.ufl.edu)) and follow the DSO Care Team procedures for documentation and assistance (<https://care.dso.ufl.edu/instructor-notifications/>).

**Step 2: Submit a make-up request to the instructor via CANVAS email.** In the request provide reason for missing exam/quiz and availability for make-up. Make-ups will not be granted for personal travel/vacations. Additionally, many students will encounter multiple exams in one day. Only if another exam is scheduled for the same time as an exam in this course will a make-up request be considered.

**Should a student miss an exam due to an unexcused reason** (e.g., oversleeping, mixing up the exam time, etc.), the exam can be taken with a 20% penalty if taken within 24 hours of the original exam time or with a 40% penalty if taken within 48 hours of the original time.

Requirements for class attendance and make-ups, assignments, and other work are consistent with the university policies that can be found at <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>.

Tip: Always contact the instructor immediately or well ahead of the scheduled date if you need to miss a quiz or exam.

**Accommodating Students with Disabilities:** Your instructor is committed to creating a course that is inclusive in its design. If you experience a learning barrier and would like to request academic accommodations you should connect with the Disability Resource Center by visiting their Get Started page at <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

**Communication:** Students are responsible for getting a University of Florida email account (e.g., john.doe@ufl.edu) and should use this email for all university related correspondence – The instructor may not read emails from or send emails to any non-UF email addresses (e.g., john.doe@hotmail.com). Email subject should start with "ATR 2100 – First name, Last name - ...". Email use does not relieve students from the responsibility of confirming the communication with the instructor. Always sign your email – don't make the instructor guess from whom the email was sent. The instructor will answer your email within two business days, if possible. You are responsible for checking announcements and course postings on CANVAS. This is how your

course instructor will communicate with you. All course grades (quizzes and examinations) will be posted on CANVAS. Any discrepancies should be pointed out to the instructor on or before the last day of finals week.

**Course Evaluations:** Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. This evaluation system is designed to be more informative to instructors so that teaching effectiveness is enhanced and to be more seamlessly linked to UF's CANVAS learning management system. Students can complete their evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://my-ufl.bluera.com/>. Thank you for serving as a partner in this important effort.

**Privacy:** For in-class recording, the following statement related to Florida's House Bill 233 is suggested but not mandatory: Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor. A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session. Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

## Grading:

Evaluation Components (number of each)	Points Per Component	Weighting %
Lecture Exams (3)	100 pts each = 300 pts	70%
Quizzes (6 total; drop 2 lowest scores = 4)	25 pts each = 100 pts	30%
Extra Credit	0-3 points possible	0%

**Quizzes:** Quizzes start at the beginning of class with no exceptions. You will have 15 minutes to complete your quiz. If you miss a quiz due to lateness or absenteeism, you will not be allowed to make-up the quiz. Quiz format will be a combination of fill in the blank, multiple choice, short answer, and /or matching.

**Lecture Exams:** Each exam will consist of 50 questions, 2 points per question. Questions will be in multiple choice and true/false format. Students are not permitted access to any kind of materials or notes during these exams. Exam questions are generated by the course instructor and the focus should be given to the lecture notes when studying. Exams are NOT cumulative and there is no final comprehensive examination. Students will take exams in the same room where weekly lectures are held and will be allowed 50 minutes to complete the exam.

**Extra Credit:** Students can accrue extra credit by participating in discussion boards on CANVAS. The quantity of engagement in this activity will be noted and graded accordingly. There will be 5 discussion boards posted during the semester each worth 1 point (5 pts total). If you complete all 5 discussion boards, you will have 2 points added to your final cumulative score. Less than 5 will be prorated based on the number completed.

Extra credit points will be added to your final cumulative score after exams and quizzes have been tabulated.

Final grade =  $[(\text{Exam 1} + \text{Exam 2} + \text{Exam 3}/300)(.70)] + [(\text{Quiz 1} + 4)(.30)] + \text{EC} = \underline{\hspace{2cm}}$ .

*Any requests for additional extra credit or special exceptions to these grading policies will be interpreted as an honor code violation (i.e., asking for preferential treatment) and will be handled accordingly.*

*Final grades will NOT be calculated using CANVAS. The instructor will calculate your grade using separate software and will be uploaded to CANVAS once the final tabulations have been made.*

**Grading Scale:** Quiz and exam scores will be entered or uploaded directly into CANVAS within 12-24 hrs after completion. If you feel there is an error in grade calculation, please bring it to the attention of the instructor ASAP. "More detailed information regarding current UF grading policies can be found here: <https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/>."

Letter Grade	Percent of Total Points Associated with Each Letter Grade	GPA Impact of Each Letter Grade
A	90.00-100%	4.0
