**To:** ". HHP - Faculty & Staff" <hhpfacultyandstaff@hhp.ufl.edu>  
**Subject:** COVID-19 and HHP

Dear Colleagues,

You may be aware that one of today's newly reported cases of COVID-19 is an HHP undergraduate student (<http://www.ufl.edu/health-updates/covid-19-cases/>). It is not clear that this poses a threat to any HHP employee or student. However, safety is our primary concern.

As we define the issue, I ask that all HHP supervisors provide alternate work arrangements for employees and students on Monday, March 23. No one in HHP should work on campus tomorrow. Anyone who arrives in the building should adhere to good public health practices – social distancing, hand washing, etc. – and leave campus at the earliest opportunity.

We will work with University authorities to clarify any potential risk and establish future options – if any -- for working on campus. That information will follow in a separate e-mail tomorrow.

Stay safe,

Mike

Michael B Reid, PhD  
Dean & Professor  
College of Health & Human Performance  
University of Florida
