Additionally, please ensure the site has been approved via a comment on Canvas when the assignment is graded. **Students are encouraged to secure an approved site as soon as possible** (once approved, the student can begin working toward the 80-hour requirement). Throughout the volunteer experience, two 40-hour reports are to be turned in and a separate report must be turned in after each 40-hour segment is completed.

## SUCCESS AND STUDY TIPS

Reach out to the professor for help with any organizations or company search or if you are having difficulties locating a company to fulfill your field experience 80 hours or agreement for an internship. The professor can help with the search and location of a company.

Attend the guest lectures as most will have attendance taken and the assignment associated with guest speakers.

**Lecture and Guest Presentation Recordings:** Our class sessions may be audio visually recorded for students in an online Field Experience class. These students are not able to attend and must refer to the recordings for instruction and assignments.

For in-class recording, the following statement related to Florida's House Bill 233 is suggested but not mandatory:

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.
