## **B. Mid-Semester: Group Presentation Video Project**

**20%**

Your task as a group will be to explore overtourism, to critically evaluate its causes and to draw upon principles of tourism planning, policy, responsible tourism, sustainability and other relevant concepts to suggest solutions. Outside research for relevant sources as well as looking ahead to topics we are yet to cover this semester is encouraged.

1. Before you begin working as a group, please revisit your group contract and review what you agreed on at the start of the semester.
2. Watch the video Crowded Out and as a group identify a destination suffering from Overtourism. You may choose Barcelona or Venice, but you are also encouraged to explore another destination.

**Video link:** <https://www.responsibletravel.com/copy/overtourism-documentary>

Your task is to create a video presentation between 6-7 minutes long (Maximum length is 7 minutes) addressing the following information: **You do not need to follow the order listed below, but the following topics should be addressed. This will necessitate working as a team rather than dividing up the topics and working individually.**

1. Where is your destination and describe how it is suffering from overtourism? Here you are advised to include a definition of overtourism, statistics and facts that demonstrate overtourism has occurred, and what issues the destination is facing.
  2. What factors globally have contributed to the development of overtourism?
  3. Are there any solutions to overtourism both for your destination and globally?
  4. After exploring the issues, contributing factors, and potential solutions to overtourism, how do you envision the future of tourism for your destination? What key actions should be taken by governments, businesses, tourists, and residents to ensure a sustainable and balanced tourism industry moving forward?"
  5. Make sure your presentation includes a conclusion i.e., bring your presentation to a close.
3. Create a 6–7-minute video presentation addressing the above topics and other information relevant to the issue. Please do not create a presentation that merely answers the topics one by one. **Be creative and integrate analysis and facts to explore overtourism generally and specifically in your chosen destination.** Support your ideas with facts and citations. There are some sources listed below, but there are many more out there to explore. **The maximum length for the video is 7 minutes. All group members must speak and appear on camera.** Use PowerPoint to create your slides and zoom to record your group presentation (if you wish to use other software you can but it needs to be high quality and accessible i.e. We need to be able to play it). In your video, be informative and creative. Integrate facts to support your ideas, include citations to support facts on your slides.

### **Presentation Instructions:**

- (i). Create a group presentation using PowerPoint or a similar software.

(ii). Zoom is likely the most accessible recording software and I will provide the instructions for Zoom. If your group prefers to use another software to record your video, please make sure it is accessible and of high quality. If using Zoom or another software have one student show and plays the slides the whole time using shared screen feature, other students take turns to talk. (See instructions on recording a Zoom presentation). Please make sure **every group member speaks during the presentation and is on camera.**

4. Please **designate one group member to upload your video to Canvas by Friday February 28<sup>th</sup> by 11.59 pm. Please remember to include your group number and your names on your title slide. Please save your video using your group number e.g., Group 3 video or something similar.**

### **C. Final Assignment: One-page Professional Bio-Sheet with Interview of Industry Manager/Supervisor** **25%**

You will be creating a one-page bio-sheet about an industry professional. The assignment requires that you interview your chosen professional and then create the bio-sheet based on the information you acquired during your interview.

#### **1. Getting Started**

- Choose a tourism-related agency e.g., attraction, hotel, event, park etc. Arrange an interview with an employee who holds a managerial/supervisory position (i.e. not wait staff, life-guards, front desk clerks etc.) at the tourism-related agency.
- If you are not sure if your interviewee is tourism- related, please ask me, before you go ahead with the interview. A typical guideline is that 80% or above of their client-base are tourists; or there are seasonal patterns of 80% or above of tourists as clients?
- Please contact your potential interviewee a few weeks in advance of the assignment due date. Include a few examples of your interview questions in your email. Make sure you tell them you are a student at the University of Florida and the interview is an assignment for your class. You may use the phone or Zoom (or equivalent) to conduct your interview. Please ask permission to record the interview.

#### **2. Interview Topics**

##### **a. Information about your interviewee**

In this part of the interview, please ask your interviewee about their agency and their job position in the agency. What does a typical day look like? What are they responsible for? Please ask them about their educational background and how they got their job. Did they need any special certifications? Please ask to talk about an innovation or initiative they have implemented at their agency. Ask them about the biggest challenges they have faced in their current role, and how they addressed them.

##### **b. Future Predictions**

Please ask them about their future predictions for their agency and for tourism in general. What do they see in terms of trends or specific initiatives over the next year or so?

**c. Career Advice**

Please ask them what career advice they would have for you? Education and knowledge they feel you should have. Professional associations they might suggestion you join?

**d. Professional Photo**

Please ask them for a professional photo that you might use for your assignment.

**3. Creation of your bio-sheet**

You are required to create a **one-page bio sheet** containing the following information:

- a. Name, position title and agency.
- b. Professional photo.
- c. Information about your interviewee i.e., job responsibilities, educational background etc.
- d. Future predictions –agency and tourism in general.
- e. Career advice

Be creative in your format and display of information. There are many software options with templates you might consider. PowerPoint is one option as is Canva. <https://www.canva.com>

Please save your **one-page bio-sheet as a PDF** and upload to Canvas by **Tuesday April 8<sup>th</sup> by 11.59pm**
