

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.

The **Department of Applied Physiology and Kinesiology** (APK) at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergradaute and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the <u>APK Internship Policies and Procedures</u> Document to gain a better understanding of the expectations of students and site supervisors during the experience. Note that clicking the link to the Policies

and Procedures manual will take you away from this survey and cause any information input into the survey to be lost.
Q5. Organization Name
Avila University
Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval
11901 Wornall Rd, Kansas City, MO 64145
Q10. URL of Website For Organization
https://www.avila.edu/
Q7. Name of Individual Who Will Receive Applications From Students
Brian Ciolek
Q8. Email Address of Individual Who Will Receive Applications From Students
brian.ciolek@avila.edu
Q9. Phone Number of Individual Who Will Receive Applications From Students
816-501-3736
Q34. Will the person receiving internship applications from students be the same person supervising the student and completing the student evaluations during the internship?

YesNo

Evaluations	
This question was not displayed to the respondent.	
<i>Q12.</i> Email Address of Individual Who Will Supervise Student Evaluations	Students Directly During Internship and Complete
This question was not displayed to the respondent.	
Q13. Phone number of Individual Who Will Supervise Student Evaluations	Students Directly During Internship and Complete
This question was not displayed to the respondent.	
Q14. What Semester(s) Is Your Organization Available	le To Accept Interns? (select all that apply)
✓ Fall (August - December)	
Spring (January - April)	
✓ Summer (May - August)	
	terns must hold at least a bachelor's degree and those of e. Based on this policy, for which category of students is
✓ Undergraduate Students	✓ Graduate Students
Q16. How many interns is your organization willing ar	nd able to support per semester?
3	
Q17. Describe the normal working hours anticipated filikelihood and circumstances surrounding any evenin	g or weekend time commitments.
	ng on how many hours are needed for course work. Weekend hours only occur duri ill be agreed upon by the student and the site supervisor within the normal hours of ester or 8-4 during the summer.

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Student

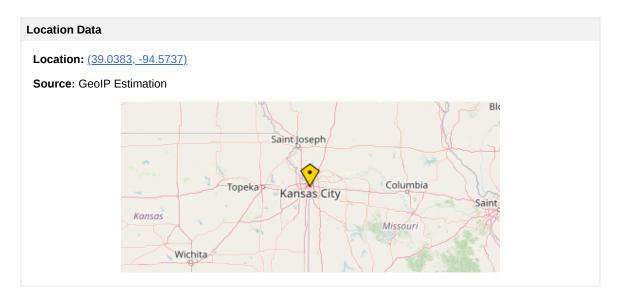

Non-paid		
O Paid (amount)		
921. List other be tc.)	enefits your organization offers interns (i.e. housing, health insurance, travel reimbursemer	nt,
