

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.

The **Department of Applied Physiology and Kinesiology** (APK) at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergradaute and graduate programs is below:

**APK Undergraduate Program**: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

**Human Performance (Graduate)**: The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the <u>APK Internship Policies and Procedures</u> Document to gain a better understanding of the expectations of students and site supervisors during the experience. Note that clicking the link to the Policies

and Procedures manual will take you away from this survey and cause any information input into the survey to be lost.		
Q5. Organization Name		
Clemson University		
Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval		
Clemson University, Jervey Gym 310 Perimeter Rd, Clemson, SC 29634		
Q10. URL of Website For Organization		
https://clemsontigers.com/olympic-sports-strength-conditioning/		
Q7. Name of Individual Who Will Receive Applications From Students		
Erika Troutman		
Q8. Email Address of Individual Who Will Receive Applications From Students		
clemsonolystrength@gmail.com		
Q9. Phone Number of Individual Who Will Receive Applications From Students		
(828) 569-9743		
Q34. Will the person receiving internship applications from students be the same person supervising the student and completing the student evaluations during the internship?		

YesNo

Q11. Name of Individual Who Will Supervis Evaluations	se Students Directly During Internship and Complete Student
This question was not displayed to the respondent.	
Q12. Email Address of Individual Who Will Student Evaluations	Supervise Students Directly During Internship and Complete
This question was not displayed to the respondent.	
Q13. Phone number of Individual Who Will Student Evaluations	Supervise Students Directly During Internship and Complete
This question was not displayed to the respondent.	
Q14. What Semester(s) Is Your Organization	on Available To Accept Interns? (select all that apply)
✓ Fall (August - December)	
Spring (January - April)	
✓ Summer (May - August)	
This means that site supervisors of undergr	site supervisor hold one degree higher than the student intern. raduate interns must hold at least a bachelor's degree and those of er's degree. Based on this policy, for which category of students is ons? Check all that apply
✓ Undergraduate Students	✓ Graduate Students
Q16. How many interns is your organization	n willing and able to support per semester?
5	
	nticipated for an intern at your organization. Please indicate any evening or weekend time commitments.
Monday - Friday - 6a to 6p Due to collegiate schedules so we have early mornings and later evenings.	s, we operate on a longer schedule since we are working around classes, practice, treatment etc

	Non-paid
	Paid (amount)
Q21	1. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement,
etc.	)
A	ccess to continuing education material, Clemson University apparel.
Q22	2. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)
P	arking Pass.
L	
023	3. List required skills or previous experience necessary for interning with your organization
τ	
С	currently pursing bachelors/masters in exercise science or related field, or recently graduate student looking for job experience. Strong desire to become
	ollegiate strength and conditioning coach.
00	4. Liet and analist and antiple and appropriate required to internation with very consciention (i.e. CDD/First Aid
	4. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, bility Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation,
	kground check)
C	PR/First Aid. Recently passed or pursing SCCC or CSCS certifications.
L	
$\sim$ 21	- Dravide a bulleted list of duties/recognibilities your experienties consets to be fulfilled by internet
Q25	5. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:
-	
A  te	ssist in supervision and execution of strength training programs for various sports. Attend to daily maintenance of training facility. Use of echnology/data analysis. Professional development through internship program.
- 1	

Q26. Please describe a typical day for the intern:	
	based), aid coaches via supervising/executing training sessions, break down teamms). Complete weekly training log (self), complete assigned readings and
Q28. All Interns (undergraduate and graduate) MUST b Learning Outcomes (SLO's), though evaluation of all 9 the duties/responsibilities provided to interns at your org	is preferred. Please check each SLO that applies to
Integrate principles and methods of math, social sciences, and/or  ✓ arts and humanities to applied physiology and kinesiology, health, wellness, and/or fitness environments.	Select and utilize the appropriate scientific principles when assessing  the health and fitness of an individual and prescribing physical activity based on those assessments.
Identify and relate the nomenclature, structures, and locations of components of human anatomy to health, disease, and physical activity.	Solve applied physiology and kinesiology problems from personal, scholarly, and professional perspectives using fundamental concepts of health and exercise, scientific inquiry, and analytical, critical, and creative thinking.
Identify, examine, and explain physiological mechanisms of lomeostasis at various levels of an organism (i.e., cells, tissues, organs, systems).	Collect, compare, and interpret qualitative or quantitative data in an applied physiology and kinesiology context.
Investigate and explain the effects of physical activity on psychological health as well as the perspectives used to enhance adherence to healthier lifestyles.	Effectively employ written, oral, visual, and electronic communication techniques to foster inquiry, collaboration, and engagement among applied physiology and kinesiology peers and professionals as well as with patients, clients, and/or subjects.
Identify and explain the acute and chronic anatomical and physiological adaptations to exercise, training, and physical activity.	
Q33. Name of APK student that requested the site appr	roval form from you (if applicable)
Q29. Would you like to be added to the Department's lis	st of approved sites for future interns?
<ul><li>Yes</li><li>No</li></ul>	
Q32. Have you reviewed the APK Internship Policies are take you away from this survey and any information inpole recommend holding the ctrl button on your keyboard where the properties of the	ut into the survey will be lost if you navigate back. We
<ul><li>Yes</li><li>No</li></ul>	

## Q31. Signature of Individual Who Will Be Supervising And Evaluating Students During The Internship

This question was not displayed to the respondent.

Approved: 10.19.23
