

Q1.  
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)  
INTERNSHIP SITE APPROVAL FORM

Q2.  
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergraduate and graduate programs is below:

**APK Undergraduate Program:** Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

**Human Performance (Graduate):** The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name

Infinity Sports Institute

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

163 Ne 24 st, Miami, FL, 33137

Q10. URL of Website For Organization

infinitysi.com

Q7. Name of Individual Who Will Receive Applications From Students

Eric Martinez

Q8. Email Address of Individual Who Will Receive Applications From Students

Em@infinitysi.com

Q9. Phone Number of Individual Who Will Receive Applications From Students

7862317906

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Eric Martinez

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

7862317906

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

- Fall (August - December)
- Spring (January - April)
- Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

- Undergraduate Students
- Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

2

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

There are two shifts available for the students 8am-11am 2pm-6pm During this time the student will be exposed to a greater learning environment that includes: Physical therapy, Chiropractic, Strength Training, Biomechanical Testing with a Dart system, and body composition analysis with a DEXA scan We open at 6 am and close at 9pm

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

Travel and event Reimbursement, us of facility Discounts on Educational course by our partners

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

Purchase of Uniforms provided by Infinity. Recommended Reading materials

Q23. List required skills or previous experience necessary for interning with your organization

Basic knowledge of biomechanics Basic understanding of active physiology

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

CPR/First aid or BLS General Liability insurance Prefer any training certification

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

By the 4th week to be a proficient capable to use the Sports science lab Performed Recovery sessions able to program a mesocycle by week 6 and so on Perform one on one sessions using our methodology understand consultations understand marketing terminology

Q26. Please describe a typical day for the intern:

Start of internship Shadowing Testing sessions Shadowing Physical therapy Shadowing Training Sessions Shadowing Recovery sessions Joining Team Development sessions Learn Marketing and sales of programs Cleanliness duties Middle to end of the internship Capable of Train, Test, Educate clientele Capable of the market and nurture potential leads Capable to lead the team

Q28. All Interns (undergraduate and graduate) MUST be evaluated on **at least 6** of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
