

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.

The **Department of Applied Physiology and Kinesiology** (APK) at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergradaute and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the <u>APK Internship Policies and Procedures</u> Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval
B1, Building C, Weibo Times Center, No.17 South Zhongguancun Street, Haidian District, Beijing City, China 100080
Q10. URL of Website For Organization
https://www.leoao.com/ https://m.dianping.com/shopshare/H85WRoWqXNjIjTtN?msource=Appshare2021&utm_source=shop_share
Q7. Name of Individual Who Will Receive Applications From Students
Yu Guo
Q8. Email Address of Individual Who Will Receive Applications From Students
guoyu2007@126.com
Q9. Phone Number of Individual Who Will Receive Applications From Students
+86-183-1006-3107
Q34. Will the person receiving internship applications from students be the same person supervising the student and completing the student evaluations during the internship?
YesNo

Q5. Organization Name

This question was not displayed to the respondent.		
Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations		
This question was not displayed to the respondent.		
Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations		
This question was not displayed to the respondent.		
Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)		
✓ Fall (August - December)✓ Spring (January - April)		
✓ Summer (May - August)		
Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply		
☐ Undergraduate Students ✓ Graduate Students		
Q16. How many interns is your organization willing and able to support per semester?		
1-2		
Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.		
11:00 am to 9:00 pm, Monday to Sunday		

Q18. Does your organization offer non-paid or paid internships?

Non-paid	
O Paid (amount)	

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)
We provide lunch, light refreshments, and team building activities for all staffs and interns.
Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)
None.
Q23. List required skills or previous experience necessary for interning with your organization
1. Client communication 2. Client Assessment 3. Program design and prescription 4. Experiences in using various training modalities 5. Effective oral and written communication skills
Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)
1. CPR/First Aid 2. Personal Training Certification
Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:
1. Screen clients for their posture and movement patterns 2. Create effective SMART goals that suit the clients' needs. 3. Design effective training programs for individual clients to help them reach their goals, measure, and evaluate the client's progress 4. Create group fitness classes to engage more participants in improving their general health and fitness.

Q26. Please describe a typical day for the intern:

The student intern arrives by 11:00 am. During the day, there is one hour break. He would spend most of his time observing and assisting his supervisor in coaching clients. He would also assist in prescribing training programs for individual clients or creating group fitness classes. He would coach one or two individual training sessions and possibly lead one group fitness class. Q28. All Interns (undergraduate and graduate) MUST be evaluated on at least 6 of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.		
Identify and relate the nomenclature, structures, and locations of components of human anatomy to health, disease, and physical activity.	Solve applied physiology and kinesiology problems from personal, scholarly, and professional perspectives using fundamental concepts of health and exercise, scientific inquiry, and analytical, critical, and creative thinking.	
Identify, examine, and explain physiological mechanisms of homeostasis at various levels of an organism (i.e., cells, tissues, organs, systems).	Collect, compare, and interpret qualitative or quantitative data in an applied physiology and kinesiology context.	
Investigate and explain the effects of physical activity on psychological health as well as the perspectives used to enhance adherence to healthier lifestyles.	Effectively employ written, oral, visual, and electronic communication techniques to foster inquiry, collaboration, and engagement among applied physiology and kinesiology peers and professionals as well as with patients, clients, and/or subjects.	
Identify and explain the acute and chronic anatomical and physiological adaptations to exercise, training, and physical activity.		
Q33. Name of APK student that requested the site app	roval form from you (if applicable)	
Q29. Would you like to be added to the Department's li	st of approved sites for future interns?	
YesNo		
Q32. Have you reviewed the APK Internship Policies at	nd Procedures Manual?	
YesNo		
Q30. Signature of Individual Who Will Be Receiving Into	ernship Applications	

Q31. Signature of Individual Who Will Be Supervising And Evaluating Students During The Internship

This question was not displayed to the respondent.

Approved: 4.4.22
