

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all undergraduates complete a 12-credit internship experience and graduate students complete a 5-credit internship experience during their final semester. The experience requires a minimum of 520 clock hours for undergraduates and 600 clock hours for graduate students, or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters or 40-45 hours a week for 13 weeks, for the Summer semester. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest within their specialization. The specializations within the department are:

Exercise Physiology (Undergraduate): Prepares students interested in pursuing a career in one of the health professions or graduate study in exercise science. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. For intern hours in this specialization, students are expected to complete hours in a biomedical research setting related to exercise and/or sport.

Fitness/Wellness (Undergraduate): prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies. The curriculum emphasizes practical aspects of fitness and wellness.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students will be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name

Jacksonville Football Club Academy

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

- Patton Park, 2850 Hodges Blvd., Jacksonville, FL 32224 - Davis Park, 210 Palm Valley Road, Ponte Vedra, FL 32081

Q7. Name of Individual Who Will Receive Applications From Students

Jack Burns

Q8. Email Address of Individual Who Will Receive Applications From Students

jburns@jfcsooccer.com

Q9. Phone Number of Individual Who Will Receive Applications From Students

904-312-3509

Q10. URL of Website For Organization

<https://jfcsooccer.com>

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Jack Burns

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

904-312-3509

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

- Fall (August - December)
- Spring (January - April)
- Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

- Undergraduate Students
- Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

6

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

3:00 PM - 9:00 PM, Monday - Thursday. 7:00 AM - 1:PM, Saturday-Sunday (When needed). Majority of work will be conducted in the late afternoons into the evenings, in support of the academy staff. Applied-hands on work will be during the academy training sessions from 5:30 PM - 7:00 PM, and 7:00 PM - 8:30 PM.

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

At this moment, no benefits are offered as part of our internship program. If an intern is needed, and willing, to travel for weekend games, food and travel per diem is likely, and hotel provided if there is an overnight stay.

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

N/A. Uniform will be provided by the club.

Q23. List required skills or previous experience necessary for interning with your organization

We're looking for students who have a passion for learning and are open to challenge. Energy and enthusiasm is imperative. We work in a high pace and complex environment where we are continually pushing the envelope to improve our players, practice, and coaching staff. This internship opportunity should cater for interns looking to work in the applied sports sciences.

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

Necessary: Background Check, Pre-Internship Orientation Desired: Personal Training Certification [i.e. CSCS or other certifications]. Soccer Coaching Qualifications. CPR/First Aid.

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

- Plan and assist in the delivery of sports science sessions with JFC Academy teams (male and female).
- Conduct physical profiling assessments; such as measuring heights, weight, and assisting in the delivery and documentation of fitness assessments (endurance, agility, power, mobility, stability, etc.)
- Oversee wearable technology units and be trained in the post-session/game analysis, interpretation, and reporting of data.

Q26. Please describe a typical day for the intern:

Interns will be integrated into a trans-disciplinary team of coaches and practitioners. Once the intern becomes acclimatized to the new environment, assignments will be expected to be completed during the first couple of hours of the day. Daily meetings will occur between the sports science team and discuss the day and week ahead. Holistic sports science discussions will take place in the implementation of sound, evidence-based practice, as it aligns with the mission and philosophy of the football club (soccer). The designing of sessions and content will often be the primary focus of office hours, as well analysis, interpretation, and reporting of data collection to technical staff.

Q28. Interns must be evaluated on at least 6 of the following 9 Student Learning Outcomes (SLO's). Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.

- | | |
|--|---|
| <input checked="" type="checkbox"/> Integrate principles and methods of math, social sciences, and arts and humanities to applied physiology and kinesiology, health, wellness, and/or fitness environments. | <input checked="" type="checkbox"/> Select and utilize the appropriate scientific principles when assessing the health and fitness of an individual and prescribing physical activity based on those assessments. |
| <input type="checkbox"/> Identify and relate the nomenclature, structures, and locations of components of human anatomy to health, disease, and physical activity. | <input checked="" type="checkbox"/> Solve applied physiology and kinesiology problems from personal, scholarly, and professional perspectives using fundamental concepts of health and exercise, scientific inquiry, and analytical, critical, and creative thinking. |
| <input type="checkbox"/> Identify, examine, and explain physiological mechanisms of homeostasis at various levels of an organism (i.e., cells, tissues, organs, systems). | <input checked="" type="checkbox"/> Collect, compare, and interpret qualitative or quantitative data in an applied physiology and kinesiology context. |
| <input type="checkbox"/> Investigate and explain the effects of physical activity on psychological health as well as the perspectives used to enhance adherence to healthier lifestyles. | <input checked="" type="checkbox"/> Effectively employ written, oral, visual, and electronic communication techniques to foster inquiry, collaboration, and engagement among applied physiology and kinesiology peers and professionals as well as with patients, clients, and/or subjects. |
| <input checked="" type="checkbox"/> Identify and explain the acute and chronic anatomical and physiological adaptations to exercise, training, and physical activity. | |

Q33. Name of APK student that requested the site approval form from you (if applicable)

Q29. Would you like to be added to the Department's list of approved sites for future interns?

- Yes
 No

Q32. Have you reviewed the APK Internship [Policies and Procedures Manual](#)?

- Yes
 No

Q30. Signature of Individual Who Will Be Receiving Internship Applications

Q31. Signature of Individual Who Will Be Supervising And Evaluating Students During The Internship

Location Data

Location: [\(30.271194458008, -81.752899169922\)](#)
