

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergraduate and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience. Note that clicking the link to the Policies

and Procedures manual will take you away from this survey and cause any information input into the survey to be lost.

Q5. Organization Name

Oak Hammock at the University of Florida

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

5100 SW 25th Blvd., Gainesville, FL 32608

Q10. URL of Website For Organization

www.oakhammock.org

Q7. Name of Individual Who Will Receive Applications From Students

Katherine Osman

Q8. Email Address of Individual Who Will Receive Applications From Students

kosman@oakhammock.org

Q9. Phone Number of Individual Who Will Receive Applications From Students

352-548-1008

Q34.

Will the person receiving internship applications from students be the same person supervising the student and completing the student evaluations during the internship?

Yes

No

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations

Ian Vincent

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations

ivincent@oakhammock.org

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations

352-548-1000

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

- Fall (August - December)
- Spring (January - April)
- Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

- Undergraduate Students
- Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

2-3

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

We would have varied hours, helping our residents and with programming in our fitness center. Experience will be gained by working with very active and healthy older individuals through individuals who are incapacitated in some way.

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

All as necessary.

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

None.

Q23. List required skills or previous experience necessary for interning with your organization

Willingness to learn and to work with older people. Adaptability, hospitality, friendliness. We will train the right attitude.

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

TBD - will need to pass a screening and background check. HIPPA training.

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

* Help with equipment * Help clients with proper technique * Possibly teach proper form, etc. * Clean equipment * Work with supervisor and/or physical therapy department to achieve maximum programming for each individual.

Q26. Please describe a typical day for the intern:

They will need to be able to work well with a senior population and all days have the capacity to be different experiences. Some days, more routine equipment maintenance will be done if there are not as many participants in the gym, other days will be mostly helping clients with equipment, etc. or with the functional fitness evaluation and testing.

Q28. All Interns (undergraduate and graduate) MUST be evaluated on **at least** 6 of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
