

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergraduate and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name

ReQuest Physical Therapy

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

Main: 4820 W Newberry Rd, Gainesville, FL 32607 Tioga: 12830 SW First Lane, Suite 100, Newberry, FL 32669

Q10. URL of Website For Organization

<https://requestphysicaltherapy.com>

Q7. Name of Individual Who Will Receive Applications From Students

Drew Patton

Q8. Email Address of Individual Who Will Receive Applications From Students

drew.patton@requestphysicaltherapy.com

Q9. Phone Number of Individual Who Will Receive Applications From Students

678-936-8722

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Drew Patton and or the students supervising Physical Therapist/Physical Therapist Assistant

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

6789368722

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

- Fall (August - December)
- Spring (January - April)
- Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

- Undergraduate Students
- Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

10, possibly more

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

Depending on which therapist the student is with: 7am-4pm 8am-5pm 9am-6pm 10am-7pm Saturday 8am -12pm might be available for makeup hours if needed

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

Free gym membership at GHFC during their internship.

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

Khaki pants with a black polo shirt.

Q23. List required skills or previous experience necessary for interning with your organization

A background of exercise and the ability to communicate effectively with patients are the most important skills. Conducting research for evidence-based blog posts.

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

CPR/First Aid, HIPPA training, Pre-Internship Orientation

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

-Assisting the supervising therapist with patient care - Inputting and documenting patient subjective information and exercises - 3 Total evidence-based blog posts -Cleaning tables, weights, and machines -Folding laundry

Q26. Please describe a typical day for the intern:

Interns will arrive at least 5 minutes early before their day starts. Their main priority will be assisting with patient care which will include: teaching exercises, setting patients up on machines, preparing modalities, documenting information into the patient's charts. Each intern will have a 1 hour lunch break. During the interns, downtime interns are responsible for assisting with laundry and keeping the clinic neat/clean. There will also be opportunities to work on their evidence-based blog posts.

Q28. All Interns (undergraduate and graduate) MUST be evaluated on **at least 6** of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
