

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.

The **Department of Applied Physiology and Kinesiology** (APK) at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergradaute and graduate programs is below:

**APK Undergraduate Program**: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

**Human Performance (Graduate)**: The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the <u>APK Internship Policies and Procedures</u> Document to gain a better understanding of the expectations of students and site supervisors during the experience. Note that clicking the link to the Policies

and Procedures manual will take you away from this survey and cause any information input into the survey to be lost.		
Q5. Organization Name		
University of Florida Basketball Strength and Conditioning		
Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval		
290 Woodlawn Dr.		
Q10. URL of Website For Organization		
Q7. Name of Individual Who Will Receive Applications From Students		
Natosha Gottlieb		
Q8. Email Address of Individual Who Will Receive Applications From Students		
natoshag@gators.ufl.edu		
Q9. Phone Number of Individual Who Will Receive Applications From Students		
3187305947		
Q34. Will the person receiving internship applications from students be the same person supervising the student and completing the student evaluations during the internship?		

YesNo

<i>Q11.</i> Name of Individual Who Will Supervise Students I Evaluations	Directly During Internship and Complete Student
This question was not displayed to the respondent.	
Q12. Email Address of Individual Who Will Supervise Student Evaluations	tudents Directly During Internship and Complete
This question was not displayed to the respondent.	
Q13. Phone number of Individual Who Will Supervise S Student Evaluations	tudents Directly During Internship and Complete
This question was not displayed to the respondent.	
Q14. What Semester(s) Is Your Organization Available	To Accept Interns? (select all that apply)
✓ Fall (August - December)	
✓ Spring (January - April)	
Summer (May - August)	
Q15. APK Internship Policy requires that a site supervise This means that site supervisors of undergraduate intergraduate interns must hold at least a master's degree. Expour organization willing to accept applications? Check	ns must hold at least a bachelor's degree and those of Based on this policy, for which category of students is
✓ Undergraduate Students	✓ Graduate Students
Q16. How many interns is your organization willing and	able to support per semester?
3	
Q17. Describe the normal working hours anticipated for likelihood and circumstances surrounding any evening of	
Hours are varied depending on the time of year but for summer would	typically be 6 AM - 12 PM, Fall and Spring would typically be 1-6 PM.

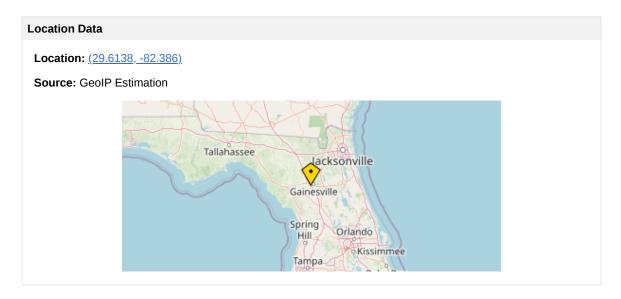

N	Ion-paid
( P	Paid (amount)
021. I	List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement,
etc.)	
,	
We a	ure able to offer some school gear as well as a references, and a unique experience that would be attractive to prospective jobs
Q22. L	List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)
A pai	rking pass may be necessary
O23 I	List required skills or previous experience necessary for interning with your organization
Q20. L	Liet required claims of provided experience necessary for interning with your organization
Prefe	erred qualifications include some previous experience in a weight room setting, attention to detail, high energy, and a great attitude
1 1010	who qualified include come previous experience in a weight recinity attention to detail, high energy, and a great attitude
	List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid,
	y Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation,
раску	round check)
None	
025 F	Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:
₹ <u>-</u> 0. 1	10 1120 & 22 110 to the district of desired point organization expects to be fullilled by internet.
Intor	ns will be ask to assist in setup and breakdown of lifts and conditioning sessions Help run different monitoring technologies such as force plates and
playe	er load monitoring devices Help make shakes and vitamin packs for athletes Help keep the weight room clean and presentable for coaches and
recru	its Help with record keeping and testing

Q26. Please describe a typical day for the intern:  An intern (in the summer and early fall) will typically arrive at the weight room at 6:15 AM for set up for a 7 AM lift. They will then assist in lifts from 7-11 AM after which they will be asked to help clean and review for the next day before being free to leave.			
Integrate principles and methods of math, social sciences, and/or arts and humanities to applied physiology and kinesiology, health, wellness, and/or fitness environments.	Select and utilize the appropriate scientific principles when assessing the health and fitness of an individual and prescribing physical activity based on those assessments.		
Identify and relate the nomenclature, structures, and locations of components of human anatomy to health, disease, and physical activity.	Solve applied physiology and kinesiology problems from personal, scholarly, and professional perspectives using fundamental concepts of health and exercise, scientific inquiry, and analytical, critical, and creative thinking.		
Identify, examine, and explain physiological mechanisms of homeostasis at various levels of an organism (i.e., cells, tissues, organs, systems).	Collect, compare, and interpret qualitative or quantitative data in an applied physiology and kinesiology context.		
Investigate and explain the effects of physical activity on psychological health as well as the perspectives used to enhance adherence to healthier lifestyles.	Effectively employ written, oral, visual, and electronic communication techniques to foster inquiry, collaboration, and engagement among applied physiology and kinesiology peers and professionals as well as with patients, clients, and/or subjects.		
Identify and explain the acute and chronic anatomical and physiological adaptations to exercise, training, and physical activity.			
Q33. Name of APK student that requested the site appr	oval form from you (if applicable)		
Q29. Would you like to be added to the Department's lis	st of approved sites for future interns?		
<ul><li>Yes</li><li>No</li></ul>			
Q32. Have you reviewed the APK Internship Policies are take you away from this survey and any information inpurecommend holding the ctrl button on your keyboard when the ctrl button on	ut into the survey will be lost if you navigate back. We		
<ul><li>Yes</li><li>No</li></ul>			

## Q31. Signature of Individual Who Will Be Supervising And Evaluating Students During The Internship

This question was not displayed to the respondent.

Approved: 6/28/23

Blain Harrison - APK Internship Coordinator
