

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all undergraduates complete a 12-credit internship experience and graduate students complete a 5-credit internship experience during their final semester. The experience requires a minimum of 520 clock hours for undergraduates and 600 clock hours for graduate students, or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters or 40-45 hours a week for 13 weeks, for the Summer semester. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest within their specialization. The specializations within the department are:

Exercise Physiology (Undergraduate): Prepares students interested in pursuing a career in one of the health professions or graduate study in exercise science. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. For intern hours in this specialization, students are expected to complete hours in a biomedical research setting related to exercise and/or sport.

Fitness/Wellness (Undergraduate): prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies. The curriculum emphasizes practical aspects of fitness and wellness.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students will be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name

University of Miami (FL)

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

Hecht Athletic Center 5821 San Amaro Dr Coral Gables, FL 33146

Q7. Name of Individual Who Will Receive Applications From Students

Kyle Bellamy

Q8. Email Address of Individual Who Will Receive Applications From Students

K.bellamy1@umiami.edu

Q9. Phone Number of Individual Who Will Receive Applications From Students

(786) 779-1912

Q10. URL of Website For Organization

Hurricanesports.com

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Kyle Bellamy

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

(786) 779-1912

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

- Fall (August - December)
- Spring (January - April)
- Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

- Undergraduate Students
- Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

2

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

Working hours in Sports Nutrition field can vary depending on time of year and season. For the most part will work 8-12 hour day with days starting early morning (5 or 6 am). Can expect to work nights and weekends on occasion (especially during pre season training camp)

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

University clothing (UM Sports Nutrition gear) Meals on occasion

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

Living expenses and transportation costs to facility

Q23. List required skills or previous experience necessary for interning with your organization

Hard-working Punctual Passionate about their work and the sports nutrition field No previous experience necessary but any experience in the collegiate athletics setting (sports nutrition) is a bonus

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

CPR/First Aid- preferred but not required ServSafe Food Safety Certification- preferred but not required Will have some forms to fill out with UM HR upon arrival and background check as well

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

- Making shakes/smoothies for post workout - Prepping any food/snacks for athletes - Stocking fridges and fuel stations (pre and post workout/practice) - Assist with body composition assessments - Assist with body composition data analysis - Assist with educational handouts - Social Media - Shadow in one on one counseling - Monitor consumption and food quality at training table - Individualize grab n go items for athletes throughout day - Professional development (research, projects, meetings with staff)

Q26. Please describe a typical day for the intern:

Typical day can vary greatly depending on time of season, but this is on average: - Get to the facility around 5/6 am - Set up pre practice/workout fueling station - Prep and get post workout shakes/smoothies or post practice fruit/items ready - Receive deliveries and stock appropriately - Assist athletes with grab n go bags - Professional development - Monitor athlete consumption at training table as well as food quality - Restock fridges and stations for next day

Q28. Interns must be evaluated on at least 6 of the following 9 Student Learning Outcomes (SLO's). Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
