

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergraduate and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name

International Studies Abroad

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

Australia, Dublin, Valencia, Madrid, Barcelona, Ho Chi Minh City, Seoul

Q10. URL of Website For Organization

<https://divisions.studiesabroad.com/experience/internships>

Q7. Name of Individual Who Will Receive Applications From Students

Xena Pulliam

Q8. Email Address of Individual Who Will Receive Applications From Students

xena.pulliam@worldstrides.com

Q9. Phone Number of Individual Who Will Receive Applications From Students

(434) 266-9825

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Xena Pulliam

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

(434) 266-9825

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

Fall (August - December)

Spring (January - April)

Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

Undergraduate Students

Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

No limit

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

32-40 hours to be determined with your supervisor. Some weekend and evening work can be expected depending on the organization if you're needed to attend sports practices or games with the athletes.

Q18. Does your organization offer non-paid or paid internships?

Non-paid

Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

Internship Placement Housing Professional Development Toolbox Bridging Cultures Orientation Program Comprehensive Advising & Support Pre-Departure Orientation Materials & Visa Support 24/7 Emergency & On-Site Support Airport Reception Insurance Optional Academic Credit Professional Development and Cultural Activities Transportation Pass Budgeting for Additional Expenses

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

Flights, visa (if needed for program), food, personal travel expenses

Q23. List required skills or previous experience necessary for interning with your organization

Studying Kinesiology, Exercise Science, Physical Therapy, Physiotherapy, Occupational Therapy, Athletic Training or another relevant degree. 2.5 minimum GPA requirement.

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

Pre-Internship Orientation virtually that we will arrange.

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

Tasks and duties are dependent on intern interests and which organization they are placed with abroad but some previous tasks include: -Sports taping and bracing -Massage (pre- and post competition and training) -General first aid including wound care -Player Hydration, including filling water/sports drinks and running water on game days

Q26. Please describe a typical day for the intern:

Day to day tasks and duties can vary depending on the placement but some previous tasks include: Working with a national umbrella body for the prevention of lifestyle diseases through sports medicine and sports science and injury prevention. You will be undertaking training programs throughout the program and assist in sponsored events as your schedule permits for sports like Australian Football League, soccer, etc.

Q28. All Interns (undergraduate and graduate) MUST be evaluated on **at least 6** of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
