Curriculum Vitae

Professional Profile

With a career spanning over three decades, Brian is a seasoned professional in the events, venues, and attractions industry. His expertise encompasses four vital areas: risk and safety management, event design and execution, attraction operations, and education.

Brian's career began on the frontlines of the amusement industry, working as a midway operator at Boardwalk and Baseball amusement park at the age of fourteen. Brian credits his early experience with getting the industry bug; his father, Bill, said: "You have cotton candy in your blood."

After completing his undergraduate degree, Brian managed five restaurants at Universal Studios in Orlando, Florida. Here, he gained invaluable insights into delivering excellent customer service and ensuring a safe and enjoyable guest experience.

In 1998, Brian transitioned to his true calling by joining Avery Safety Consulting, Inc., founded by his father, Bill. As a safety and health consultant, he conducted thorough amusement attraction and venue inspections and co-created safety guides and manuals for clients. Later, Brian assumed the role of safety specialist at SeaWorld and Discovery Cove, where he developed and managed safety training programs for employees and conducted comprehensive facility and attraction inspections.

Following his contributions at the parks, Brian joined GES Exposition Services—a trade show installation company. His expertise was instrumental in the post-Katrina tradeshow recovery efforts in New Orleans, where he managed risk and safety for the American Library Association show during rebuilding efforts at the Ernest N. Morial Convention Center.

Academically, Brian holds a Bachelor of Science in Health, Leisure, and Exercise Science, a Post-Baccalaureate Graduate Certificate in Industrial Engineering (with a concentration in Human Factors and Safety), and a Master of Science in Hospitality and Tourism Management. Brian also completed coursework for a Ph.D. in Hospitality Education, with a focus on events, tourism, and attractions safety and risk management.

Brian's commitment to education extends beyond his academic pursuits. He served as an instructor at the Rosen College of Hospitality Management at the University of Central Florida for nearly a decade and continues to impart knowledge as a lecturer at the University of Florida in the College of Health and Human Performance.

Through his academic endeavors, Brian developed innovative curricula, including a minor in Live Entertainment Management and a certificate in Legal and Risk Management, fostering talent within the industry. He also introduced a Theme Park and Attraction Management course, further enhancing students' skill sets.

Brian's influence in the field is truly international, as he provides safety consulting and expert witness services in the United States, United Kingdom, Dubai, Saudi Arabia, and the Caribbean.

As an author, Brian has contributed to safety manuals and publications, including the Worldwide Hospitality and Tourism Themes Journal and various textbooks. Notably, his work was featured in the 1st Edition guide published by MPI titled “The Essential Guide to Safety and Security: Best Practices for Meeting and Event Planning.” Additionally, he is working on a nonfiction book highlighting the impact of tragedies on event and attraction attendees. Brian also had the privilege of creating a TED-Ed lesson on how rollercoasters affect your body for educators and curiosity seekers worldwide.

Brian has held or currently holds memberships within professional associations and societies, such as Meeting Professionals International-Risk Management Task Force, Florida Festival and Events Association, International Association of Venue Managers, ASTM International, American Society of Safety Engineers, and American Society for Industrial Security, Brian remains actively engaged in shaping industry standards and practices.

Outside of his professional pursuits, Brian's commitment to his community shines through his charitable endeavors. For nine years, he served as a Board member and Chair for the Orlando Repertory Theatre, supporting and preserving culture and the arts.

Education

Ph.D. in College of Education and Human Performance / Rosen College of Hospitality Management, University of Central Florida, Orlando, Florida

Withdrawal: Successfully completed all coursework required for my Ph.D. program; medical withdrawal before completing the comprehensive exams and dissertation.

Specialization: Hospitality Education: Event, Tourism, and Attraction Safety and Risk Management

Dissertation proposal: "Patron Perceptions of Pictogram Safety Warning Signage in Themed Environments."

M.S. Rosen College of Hospitality Management, University of Central Florida, Rosen College of Hospitality Management, Orlando, Florida

Completed: 2007

Concentration: Event, Tourism, and Hospitality Management

Post-Baccalaureate Graduate Certificate, College of Engineering and Computer Science, University of Central Florida, Orlando, Florida

Completed: August 2002

Concentration: Industrial Engineering / Human Factors and Safety

B.S. College of Arts and Social Sciences, University of West Florida, Pensacola, Florida

Completed: May 1998

Concentration: Health, Leisure, and Exercise Science

Student Advising

Special Member, Master's Thesis Committee

- Andrew Courts, Architecture (Title: Splashing into the Protective Frame: Risk and Transient Interactivity in Water as a Designed Attraction), December 2022

Member, Master's Non-Thesis Committee

- Hunter Augins, Sport Management, August 2020
- Hallie Arnold, Sport Management, August 2020
- Gabrielle Krajniak, Sport Management, August 2020

Faculty Advisor University of Florida Official Student Organizations

- Gator Sport Management Organizations (GSMO), August 2020-present

Academic Service

Director of Engaged Learning and Outreach, 2020-2023

As the former Director of Engaged Learning and Outreach for the Department of Sport Management, I made significant contributions to professional development and industry connections and implemented various initiatives to enhance student learning and engagement.

One notable achievement was developing the fully online SPM 2060 Sport Career Preparation course. This course provided students with comprehensive training for successful careers in the sports industry. A Department of Sport Management Canvas page that served as a virtual classroom offered students convenient access to tools, resources, and 11 sport management-specific videos focusing on professional development.

Additionally, I launched and managed GatorToGator.com, an alumnus, industry partner, and student engagement portal that facilitated over 5000 mentor-mentee exchanges between 1500 members within three years.

I also established the professional development podcast "Voices from the Field," featuring industry professionals sharing their insights. This podcast was a valuable resource for students seeking career guidance and inspiration.

I actively organized and participated in professional development and networking events with prestigious organizations such as the Jacksonville Jaguars, Orlando Pride, Miami Heat, Orlando Magic, Inter Miami CF, Miami Marlins, and Tampa Bay Rays. Prior to these events, I mentored approximately 150 students each academic year, ensuring they were well-prepared with polished resumes, elevator pitches, and talking points.

Although I have transitioned from the Director of Engaged Learning and Outreach role, focusing on classroom activities, leveraging technology in teaching, and conducting research on risk management in sport, events, venues, and attractions, my input and impact on student career engagement and program development remains substantial.

University Committees

- Board of Managers Space Allocation Committee (2020), J. Wayne Reitz Union, University of Florida, Gainesville, Florida
- Board of Managers (2019-2022), J. Wayne Reitz Union, University of Florida, Gainesville, Florida
- Board of Managers Facilities Committee (2019-2022), J. Wayne Reitz Union, University of Florida, Gainesville, Florida
- ROTC Committee (2019-present), University of Florida, Gainesville, Florida

College Committees

- Committee Member (2024-present), College of Health and Human Performance Teacher of the Year / Advisory of the Year Committee, University of Florida, Gainesville, Florida
- Committee Chair (2023-present), College of Health and Human Performance Scholarship Committee, University of Florida, Gainesville, Florida
- Committee Member (2023-present), Health Education and Behavior, Department Faculty Search Committee, University of Florida, Gainesville, Florida
- Processional Leader (2021-present), University of Florida, College of Health and Human Performance, Commencement Working Group / Marshal, Gainesville, Florida
- Committee Member (2020-2021), Tourism, Hospitality, and Event Management Assistant and Associate Search Committee, University of Florida, Gainesville, Florida
- O'Connell Center Advisory Board Screening Selection Committee (2020), Stephen C. O'Connell Center, University of Florida, Gainesville, Florida
- Committee Member (2019-2020), Tourism, Hospitality, and Event Management Department Chair Search Committee, University of Florida, Gainesville, Florida

- Committee Member (2018-present), Graduation Committee, University of Florida, College of Health and Human Performance, Gainesville, Florida

Department Committees

- Committee Member (2023-2024), Health, Education and Behavior Instructional Professor Search Committee, University of Florida, Gainesville, Florida
- Committee Member (2022-2024), University of Florida, Department of Sport Management, Engaged Learning and Outreach, Gainesville, Florida
- Chair (2022-present), University of Florida, Department of Sport Management, Department Policies, Gainesville, Florida
- Committee Member (2021-present), University of Florida, Department of Sport Management, Undergraduate Studies Committee, Gainesville, Florida
- Investigator (2021-present), University of Florida Eric Friedheim Tourism Institute, National Risk Prevention and Crisis Management Laboratory, Gainesville, Florida

- Committee Member (2020-2022), College of Health and Human Performance, Department of Sport Management, Capstone, and Graduate Final Exam reviewer
- Faculty Advisor (2020-present), Gator Sport Management Organization (GSMO), University of Florida, Gainesville, Florida
- Committee Co-Chair (2019-2020), Seminar Series, University of Florida, College of Health and Human Performance, Sport Management Department, Gainesville, Florida
- Committee Member (2019-present), Teaching Enhancement, University of Florida, College of Health and Human Performance, Sport Management Department, Gainesville, Florida
- Committee Co-Chair (2018-2020), Entertainment Management program integration/course development, University of Florida, College of Health and Human Performance, Sport Management Department, Gainesville, Florida

Institutes

- Investigator (2021-present), University of Florida Eric Friedheim Tourism Institute, National Risk Prevention and Crisis Management Laboratory, Gainesville, Florida

Curriculum Development

- Co-Creator Sport and Entertainment Management Legal and Risk Management Certificate
- Co-Creator Live Entertainment Management Minor
- Co-Creator sport career preparation and development initiatives

Course Development

- SPM XXXX Introduction to the Entertainment Industry
- SPM XXXX Live Entertainment Management
- SPM XXXX Live Entertainment Technology
- SPM 2060 Sport Career Preparation (Face-to-Face and Online)
- SPM 4104 Sport Operations & Facility Management (Face-to-Face and Online)
- SPM 4724 Risk Management in Live Entertainment and Sport (Face-to-Face and Online)
- SPM 4725 Advanced Legal Aspects of Live Entertainment and Sport (Face-to-Face and Online)
- HFT 4755 Theme Park and Attraction Management (Face-to-Face and Online)
- SPM 4905 Live Entertainment Production
- SPM 6905 Advanced Issues and Applications of Risk Management in Live Entertainment and Sport
- SPM 6905 Operational Aspects in Live Entertainment and Sport
- LEI 6931 Tourism and Hospitality Crisis Management (Online)

Innovative Course Content Development

- Implemented and actively enhancing 'Katherine' CogBot through CogUniversity's AI program. This AI assistant is integral to students' success in Risk Management within the domains of Live Entertainment and Sports, as well as in the field of Facility Operations and Management. 'Katherine' serves as a cornerstone for data-driven decision-making within the course.
- Leveraging Python, a team developed a comprehensive Jupyter notebook to aggregate and grant access to relevant data, facilitating the investigation of incidents such as crimes and injuries at public gatherings. This data serves as the foundation for advanced predictive analytics and machine learning models. Furthermore, I created a Retrieval Augmentation Generation (RAG) library to efficiently source documents essential for mitigating and ultimately eliminating risk hotspots. These innovations are specifically tailored to enhance Risk Management protocols in the sectors of Live Entertainment and Sports, alongside Facility Operations and Management.
- Developed Retrieval Augmentation Generation (RAG) bot designed to pinpoint discrepancies within amusement ride and device statutory regulations vis-à-vis established industry standards. This is custom-crafted to advance Theme Park and Attraction Management Operations, ensuring compliance, safety, and operational excellence.

- Developed eleven 2D animated characters and eleven cross-over animated scenarios for Advanced Legal Aspects in Live Entertainment and Sport.

Volunteer Consultation/Organization

- Moderator, University of Florida, AI-Day at the College of Health and Human Performance (HHP) (Panel moderator, the intersection of industry and HHP), Gainesville, FL, 2023
- Consultant, University of Florida, University Athletic Association (UAA) Operations, Southeastern Conference (SEC) Softball Tournament facility/event inspection, Gainesville, Florida, 2022
- Consultant, University of Florida, University Athletic Association (UAA) Operations, Football stadium operations crowd management/control review, Gainesville, Florida, 2022
- Co-Organizer, The Loyola Project, Advanced Movie Screening and Speaker Series, Gainesville, Florida, 2022
- Co-Organizer, Girls, and Women in Sports Luncheon and Networking Event, Gainesville, Florida, 2021
- Co-Organizer, Name, Image, Likeness (NIL) and Sport Agency Symposium, Gainesville, Florida, 2021
- Producer, WASDIN Speaker Series, “Athletes at the Intersection of Culture, Race, and Influence,” featuring NBA Player Joakim Noah, 2021
- Producer, WASDIN Speaker Series, “Coaching at the Intersection of Culture, Race, and Influence,” featuring NBA Coach David Fizdale, 2021
- Technical Director, ESPN, The Undefeated, University of Florida Wasdin Speaker Series on “Sports, Social Justice and the Media,” 2019
- Production Assistant, University of Florida, College of Journalism Media Services, WUFT broadcast of University of Florida Homecoming Parade, 2019

Sponsored Projects/Grants

- Awarded a \$2,500.00 grant from the University of Florida NIH fund to support AI development in SPM 4724 Risk Management in Live Entertainment and Sport, 2024
- Awarded a \$2,500.00 grant from the University of Florida NIH fund to support AI development in SPM 4104 Sport Operations & Facility Management Sport, 2024
- College of Health and Human Performance Academic Program Innovation program (Awarded \$5,000), Development of AI-Based programming in Risk Management in Live Entertainment and Sport, and Facility Operations and Management, November 2023.
- Co-PD/PI, AMOS Global Sports Leadership Program (Awarded \$77,582), AMOS Sport Business School, May 22 – July 22, 2022

Affiliations and Memberships

Technical Reports

I have experience as an expert witness in the field of event management, attraction operators, recreational facilities, and related industries. Over the course of my career, I have provided scientific and technical reports and testimony in more than 100 legal cases. These cases have taken place across multiple states in the United States, including Washington, Massachusetts, Florida, New York, Pennsylvania, Ohio, South Carolina, Texas, Oklahoma, Nevada, Louisiana, California, Arizona, Connecticut, New Hampshire, Indiana, Georgia, Tennessee, Kentucky, Wisconsin, and Oregon. I have also been involved in cases in the District of Columbia, the US Virgin Islands, and the United Kingdom.

Expert witness reports are crucial components of the legal process, as they provide valuable insights and specialized knowledge to assist the court in understanding complex technical or scientific matters. My reports are grounded in prevailing safety and risk management theories, adhere to established methodologies, and are consistent with recognized industry standards. They incorporate expert analyses, investigations, and evaluations related to the incidents in question. These comprehensive and structured reports outline my qualifications, methodology, analysis, and conclusions.

Professional Experience

Brian D. Avery (Talking Beard Media, LLC), Gainesville, Florida, 2017-present

Managing Member (owner and manager):

- Public speaker and content creator specializing in life safety.

Frontline Event Services, LLC, Orlando, Florida, 2012-2017

Managing Member (co-owner and manager):

- Provided high-tech photo and video rental services for meetings and events, offering state-of-the-art equipment to capture memorable moments.
- Delivered engaging experiential marketing experiences to create immersive brand interactions.
- Offered aerial photo and video services for meetings, events, and real estate, utilizing FAA-registered unmanned aircraft to capture aerial perspectives.
- Provided reliable temporary event staffing to ensure smooth operations and seamless event execution.

Event Safety & Security Services, LLC, Gainesville, Florida, 2009-present

Managing Member (co-owner and manager):

- Offer comprehensive safety consulting services for event, venue, and attraction providers, helping them establish and maintain a safe environment for their guests.
- Provide expert witness services for attorneys and insurance providers in the field of event, venue, and attraction operational safety, offering insights and expertise in legal proceedings.
 - ***Expert Witness Services***
 - Brian D. Avery has an extensive record as an expert witness, providing expertise in over 100 legal matters across 30 states, the District of Columbia, the United Kingdom, and the US Virgin Islands. His experience spans a wide range of courts, including United States District Courts, such as the Eastern District of Washington, District of Massachusetts, Middle District of Florida-Orlando, and Southern District of Florida-Miami. He has also testified in international courts, including The Crowns Court in Chelmsford, England, and the Supreme Court of the State of New York. Brian's expertise has been sought in numerous state courts, including those in Pennsylvania, Ohio, South Carolina, Texas, Nevada, Minnesota, Louisiana, Connecticut, New Hampshire, Indiana, and Massachusetts. He has also provided expert testimony in various circuit and superior courts and district and state courts throughout the country.
- Ensured the security of events by providing licensed event security staffing.

Avery Entertainment Group, LLC (Avery & Avery), Orlando, Florida, 2006-2009

Managing Member (owner and manager):

- Offered expert witness services in the field of event, tourism, and attraction operational safety for attorneys and insurance providers, providing expertise and insights in legal cases and insurance claims.

GES Exposition Services, Orlando, Florida, 2005-2006

Safety Manager:

Applied and ensured compliance with federal, state, and local regulations, including OSHA, NFPA Life Safety Code 101, and Fire Marshal's Office regulations, to maintain a safer working environment for warehouse and convention show-site operations during move-in, show-open, and move-out phases. Successfully managed safety and health matters for union and non-union environments, addressing general liability, worker's compensation claims, accident investigations, and providing expert analysis and recommendations. Developed and delivered comprehensive safety and health policies and procedures to enhance operational safety and mitigate risks. Demonstrated expertise in managing the safety aspects of various high-profile events and shows, such as the American Library Association, International Dairy-Deli-Bakery Association, Premiere Beauty Show, Orlando Boat Show, Orlando Home and Garden

Show, Surf Expo, The Florida Restaurant Show, Southern Women's Show, Central Florida International Auto Show, The Plastics Show, and Orgill.

Key Accomplishments:

- Played a vital role in facilitating the recovery of tradeshow activities in New Orleans following the aftermath of Hurricane Katrina.
- Implemented a robust on-site instant substance abuse testing program for reasonable suspicion and post-accident cases, ensuring a safer and drug-free work environment.
- Led the development and implementation of a company-wide safety and health campaign and training program, enhancing employee awareness of workplace policies and procedures, which was successfully adopted across the organization.
- Contributed to a significant reduction in injury rates year-over-year by 33% and general liability incidents by 47%, demonstrating a proactive approach to risk management.
- Designed and executed a comprehensive modified job duty program, providing effective strategies for accommodating injured employees and facilitating their return to work.
- Developed and implemented a comprehensive emergency action plan for the entire organization, ensuring preparedness and swift response to emergency situations.

SeaWorld and Discovery Cove, Orlando, Florida, 2003-2005

Safety and Health Specialist:

Ensured compliance with federal, state, and local regulations by verifying that all park-wide operations adhered to standards set by organizations such as OSHA, NFPA Life Safety Code 101, and the Florida Department of Agriculture and Consumer Services Amusement Ride requirements. Developed, managed, and implemented comprehensive employee-based safety training programs, equipping staff with the necessary knowledge and skills to prioritize safety in their roles. Conducted thorough investigations into incidents involving employees and guests, identifying causes and contributing factors, and assisted in implementing preventive measures to mitigate future risks. Provided support in the planning, installation, and construction of major amusement ride attractions, show venues, themed merchandise facilities, food locations, and events, ensuring adherence to safety protocols throughout the process. Conducted detailed analyses and presented findings on operational safety considerations for live entertainment shows and parades, contributing to the design and execution of safe and engaging experiences for patrons. Performed quarterly inspections of assembly occupancies, ingress/egress areas, park pathways, parking lots, and behind-the-scenes locations to identify potential safety hazards and address them promptly and proactively. Conducted thorough inspections of patron-carrying devices, including trams, golf carts, shark cages, simulators, and various amusement rides and devices such as trampolines, roller coasters, water rides, climbing walls, flat rides, play centers, and inflatables, ensuring their compliance with safety standards and regulations.

Key Accomplishments:

- Conducted comprehensive investigations into amusement ride and device incidents, ensuring compliance with safety regulations, and implemented appropriate corrective measures.
- Developed and implemented a computer-based safety awareness training program for Busch Entertainment Corporation, effectively fulfilling annual safety training requirements for employees.
- Demonstrated leadership as a liaison of a hurricane ride-out team, successfully navigating three hurricanes without any employee injuries.
- Organized and facilitated Business and Emergency Response Team (BERT) training sessions for safety committee members, enhancing their preparedness for emergency situations.
- Co-designed and executed simulated park-wide and attraction-specific training exercises, effectively addressing predetermined potential threats and enhancing emergency response capabilities.
- Successfully completed a park-wide department-specific management training program, acquiring expertise in areas such as Animal Care, Zoological, Cash-Control, Admissions, Brewery School, Guest Services, Entertainment, Horticulture, Food and Beverage, Operations, and Merchandise.

SeaWorld and Discovery Cove, Orlando, Florida, June-October 2001

Accident Investigator:

Conducted thorough investigations of incidents involving guests, including assembly occupancies, park pathways, slips/trips/falls, animal contacts, amusement rides, device injuries, food and beverage illnesses, and health-related medical emergencies. Analyzed guest incident reports and identified trends, providing valuable insights to enhance safety measures and mitigate risks. Developed comprehensive policies and procedures in compliance with federal, state, and local regulations, such as OSHA, NFPA Life Safety Code 101, and Florida Department of Agriculture and Consumer Services Amusement Ride requirements. Assisted the Director of Environmental, Health and Safety with additional safety and health responsibilities as required.

Key Accomplishments:

- Spearheaded developing, implementing, and administering a robust park-wide safety inspection program encompassing all guest locations, such as amusement rides and devices, assembly occupancies, ingress/egress, park pathways, and parking lots.
- Utilized mapping tools to track inspections efficiently and incident locations across various stadiums, ensuring comprehensive coverage and streamlined monitoring.
- Conducted in-depth analysis of incident trends related to amusement park rides, identifying root causes and recommending appropriate corrective actions to enhance guest safety.
- Played a pivotal role in evaluating, editing, and implementing a revised emergency action plan for the entire park, enhancing preparedness and response protocols.

Avery Safety Consulting, Inc., Orlando, Florida, 1998-2005**Safety Consultant:**

Conducted comprehensive inspections of amusement rides, devices, and facilities at various venues, ensuring compliance with federal, state, and local regulations, including OSHA, NFPA Life Safety Code 101, and Amusement Ride and Device standards. Analyzed and documented inspection findings from field inspections and investigations of assembly occupancies, amusement rides and devices, live entertainment shows, and passenger-carrying devices (such as trams, golf carts, and simulators), providing insightful analysis and recommendations. Reviewed existing safety and health policies, procedures, and training programs and actively contributed to their development and enhancement to promote a culture of safety and compliance.

Key Accomplishments:

- Successfully launched and conducted thorough inspections of the pioneering themed interactive water animal attraction, setting a benchmark for the industry in the United States.
- Co-authored and edited three comprehensive manuals for the amusement and leisure industry: Emergency Disaster Guidelines and Procedures, The Safety Guide, and Inflating Safety Deflating Risk, providing valuable resources for promoting safety and risk management practices.
- Conducted pre-opening liability inspections for major amusement facilities, including SeaWorld and Discovery Cove, ensuring compliance with safety regulations and mitigating potential risks.
- Played a vital role in performing due diligence for the GE/NBC acquisition of Universal Studios and Wet n' Wild, providing critical insights into safety and risk factors.
- Conducted extensive pre-opening and show-run inspections spanning multiple years for the New Mexico State Fair Authority, ensuring safe and successful operations throughout the fair's duration.

Universal Orlando, Orlando, Florida, June-December 1998**Assistant Food and Beverage Manager:**

Managed and oversaw operations of several themed restaurants, accommodating approximately 280 guests. Led a team of employees, handling their training, scheduling, and ensuring optimal performance. Implemented effective inventory control measures to maintain adequate supplies and minimize waste. Conducted regular facility safety inspections to ensure compliance with safety standards and create a pleasant dining environment. Generated daily and weekly food safety reports, ensuring health and sanitation regulations adherence.

Key Accomplishments:

- Played a key role in the planning and successful execution of large-scale multi-day special events, such as Mardi Gras, ensuring a seamless experience for attendees.
- Exhibited exceptional expertise in catering to private parties hosting esteemed guests, including corporate executives, celebrities, and sports figures.
- Supervised and directed a team of 75 associates per shift, overseeing wait staff, bartenders, and kitchen personnel, ensuring smooth operations and exceptional service delivery.
