**TEACHING AND MENTORING EXPERIENCE:***Undergraduate Courses Taught*

Advanced Research Methods  
 Research Methods for Studying Biobehavioral Health  
 Health & Human Sexuality  
 Principles of Epidemiology  
 Principles of the Academy/First-year Seminar  
 Personal Wellness

*Graduate Courses Taught*

Evaluating Health Education Programs (Residential)  
 Evaluating Health Education Programs (Online)

*Additional Teaching Experience*

Innovation Academy—Served as Faculty Fellow for the 2021 Innovation Academy Challenge: How might we support health and wellness for community members in the state of Florida? Reviewed team pitches/proposals, offered critical feedback

Grant Writing—Co-taught graduate seminar in grant writing; shared personal grant writing experience with students; reviewed and provided feedback on drafts of specific aims and investigator biosketches

Research Methods in Biobehavioral Health—Provided teaching assistance for graduate-level research methods course; reviewed assignments; maintained web-platform used for course communication (Blackboard/Angel/Canvas); held a weekly study session to review concepts covered in class and to provide additional tutoring of difficult topics

Foundations and Principles of Health Promotion—Prepared and delivered lectures on theories of behavior change (e.g., Transtheoretical Model, Theories of Reasoned Action/Planned Behavior); mentored undergraduate teams (10-12 students) in applying theories of behavior change to understanding college student substance use

Health Promotion II: Planning, Implementation, and Evaluation—Worked with a group of students each semester (over 3 years) to apply theories of behavior change to develop a proposal to plan, implement and evaluate an intervention reducing a relevant risk behavior (e.g., alcohol use, marijuana use, sexual risk behaviors); taught group members how to translate research findings and plans into conference-style poster presentations

*Select Invited Guest Lectures*

Drugs as a Social Problem: Examining the Intersection of Drugs and Sexual Violence (UF)  
 Sexual Assault in the Military (UNC-Chapel Hill)  
 Sexual Assault on the College Campus (University of Rhode Island)  
 Using Intervention Mapping to Guide Program Development & Evaluation (George Washington University)  
 Research Applications of the Theories of Reasoned Action and Planned Behavior (Penn State)

*Research Mentoring**Undergraduate Research Experience*

Supervised independent study research credits (2011 – 2015; 2020 – Present):

- Provided training to lab research assistants on participant recruitment and study training; data management, cleaning and analysis; survey programming, testing, and implementation; mentored development and presentation of research posters at college- and university-level undergraduate research symposia
- Developed & implemented professional development series for undergraduate research assistants in the PRO Health Lab (Penn State) and SAPR Lab (University of Florida)

UF Sexual Assault and Substance Abuse Prevention Research (SAPR) Lab:

Hannah West, Biology

Nicolas Abchee, Biology

Claudia Morales, Health Education & Behavior

Tomi Adesogan, Health Education & Behavior

Valeria Oller, Health Education & Behavior

Penn State Prevention Research to Optimize (PRO) Health Lab:

Lindsay Chandler, Biobehavioral Health

Shelly Erb, Biobehavioral Health

Lindsay Hummell, Biobehavioral Health

*Graduate Practicum & Senior Internship Supervision*

Sarah Chance, Department of Health Education and Behavior, College of Health & Human Performance, University of Florida

*Current Position:* Research Assistant, Sexual Assault & Substance Abuse Prevention Research Lab, University of Florida; Graduate Student, UF Masters in Public Health

Jessica Cohen, Milken Institute School of Public Health, George Washington University

*Current Position:* Research Coordinator, Sexual Assault & Substance Abuse Prevention Research Lab, University of Florida

Erin Magee, Gillings School of Global Public Health, University of North Carolina

*Current Position:* Project Coordinator, North Carolina Institute for Public Health

- Provided training on intervention mapping, development and evaluation; cognitive interviewing and instrument development; conducting community-based observation and focus group; research dissemination (e.g., conference presentations and manuscript development)
- Provide ongoing professional mentoring (career development, job search, interviewing)

*Pre-Doctoral Graduate Mentoring (Current positions listed)*

Leah McMahon, Doctoral Student, Department of Psychology, University of Texas-Austin (worked in SAPR Lab for one post-baccalaureate year)

Brittney Hultgren, Research Assistant Professor, Center for the Study of Health & Risk Behaviors, University of Washington

Nichole Sell, Postdoctoral Fellow, Research Institute on Addition, University at Buffalo

Danica Slavish, Assistant Professor, Department of Psychology, University of North Texas

- Provided training in advanced analytics (multi-level modeling, latent class analysis, mediation/moderation, structural equation modeling) and event-level study design, data collection, and analysis, including daily diaries and ecological momentary assessment

- Mentored development of pre-doctoral research fellowship grant proposals (NIH/NIAAA F31: Slavish & Sell)
- Ongoing mentorship provided through manuscript development and collaboration

*Doctoral Dissertation Committee Member*

Shahar Almog, Department of Health Education & Behavior, College of Health & Human Performance, University of Florida (Primary Mentor: Dr. Meredith Berry)  
 Shelby Blaes, Department of Clinical and Health Psychology, College of Public Health & Health Professions, University of Florida (Primary Mentor: Dr. Jeff Boissoneault)  
 Cary Carr, Social & Behavioral Sciences, College of Public Health & Health Professions, University of Florida (Primary Mentor: Dr. Lindsey King)  
 Andrea Vasquez Ferreiro, Department of Health Education & Behavior, College of Health & Human Performance, University of Florida (Primary Mentor: Dr. Meredith Berry)

*Doctoral Mentees/Committee Chair*

Rashida E-Ijdi, MPH, MS (Target graduation: 2025)

*Post-Doctoral Trainees*

Andrew Rizzo, PhD (2021 – present)

*Early Career Scientific Mentoring*

Provide project-specific supervision, skills training, and professional development to staff at all educational levels and across RTI's research program areas (current position listed if no longer at RTI) through my role as project director and scientific team lead (2015 – present):

Alex Buben, MPH, Substance Use Prevention, Evaluation and Research (SUPER) Program, RTI

Chelsea Burfeind, MA, SUPER Program, RTI

Samantha Charm, MPH, Victimization and Resilience Program, RTI

Jennifer Counts, MPH, Mental Health, Risk, and Resilience Research Program, RTI

Jennifer Hill, MPH, Director of Jewish Student Engagement, Elon University

Jessica Morgan, PhD, Military and Veteran Health Research Collaborations, RTI

Mark Relyea, PhD, Associate Research Scientist, Yale School of Medicine

*Student Community Mentoring/Advising*

*Sexual Violence Research Group*, Department of Psychology, Winthrop University

Supervised research lab of 8 students seeking undergraduate research credit; mentored students on literature reviews, study design, data collection, technical writing, conference presentation preparation

*SWAT: Student Wellness Advocacy Team*, Winthrop University

Advised a student organization interested in improving the health of students through peer education and campus programming; provided peer educator training and certification

*WAR: Women Against Rape*, Winthrop University

Advised an organization of female students who have been affected by rape/sexual assault and who want to help educate others about the issue; helped organize community

awareness events; provided consultation to ensure messages were accurate, evidence-based, and theory-driven

*Skin Deep*, Winthrop University

Provided educational consultation to a student-run improvisational theater troupe specializing in social issues (e.g., peer pressure, alcohol, drugs, safer sex, sexual assault); provided content review to ensure content accuracy and student safety
