At Kinetix, you will experience the patient-centered environment of a close-knit clinic that strives to maximize patient outcomes, provide exceptional customer service, and advanced clinical education to students in the fields of physical therapy, exercise physiology and sport science, health sciences, and health education and behavior. Kinetix provides an opportunity for students to apply the knowledge they have learned in school, ask questions, observe how things operate in a professional physical therapy clinic, and work under experienced and knowledgeable physical therapists and physical therapist assistants to get a leg up on their PT/PTA school applications or future career in healthcare. Typical duties include monitoring patients' exercise protocols, progressing patients through exercise, as well as learning the various modalities and manual therapy techniques used by the physical therapists. Additionally, students are always encouraged to participate in special events hosted by Kinetix both in the clinic and around our community.
