Emails sent over the weekend will be answered the following week.

I frequently make **course announcements** in class and in Canvas. Please come to class and check course announcements regularly. I also recommend adjusting your Canvas notifications so that you are notified when an announcement is made.

## **COURSE POLICIES**

**ATTENDANCE POLICY:** Requirements for class attendance and work in this course are consistent with university policies that can be found on the [Attendance Policies page](#).

Class time is time for us to communicate through discussion and active learning. Attendance is critical to your success. If you have general questions about the course that could be answered by myself or fellow classmates, please feel free to ask in class. You are likely not alone in your wondering. You are expected to adhere to the class calendar and timeline developed for you. You will need to meet regularly outside of class as a small group for a portion of the course. We will also use some class for small group project work. Always come to class ready to prepared and ready to apply what you have learned.

Please see the following website for deadlines for withdrawing from the course: <https://catalog.ufl.edu/ugrad/current/Pages/adspring1718.aspx>. For UF policies and procedures regarding dropping and/or withdrawing from all undergraduate courses on campus, please refer to the guidelines posted on the following UF website: <https://catalog.ufl.edu/ugrad/current/regulations/info/drops.aspx#withdraw>

**QUIZ POLICIES:** All student inquiries regarding quiz questions will be fielded following the initial grading of each assessment. Please send an email to the course instructor with any specific quiz-related concerns. All emails should be sent within 24 hours of completing the quiz or exam. The course instructor will evaluate the validity of each student concern and take appropriate action as needed (e.g. send a written response to the student, modify the course grade if the student inquiry is found to have sufficient merit).

**MAKE-UP POLICY FOR QUIZZES:** Quizzes are open for 72 hours. Please plan accordingly. If a student fails to submit a quiz on time, they will be provided with an opportunity to submit after the deadline only if they have an acceptable reason for missing the deadline. Decisions to allow student to make-up work will be made by the course instructor after consulting the university-wide attendance policies specified in the UF Undergraduate Catalog (<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>).

**DISCUSSION & ASSIGNMENT POLICY:** Students are expected to do their best work on all course assignments and discussions. It is assumed that students will put forth their best effort on all course assignments to get the best results from the course. Students are expected to complete individual work on assignments and discussions unless specified otherwise in the assignment. This means collaboration with classmates or AI chatbots on assignments and discussions is considered academic dishonesty and a violation of the UF Academic Honor Code.

All module assignments are due by the date/time specified within the “Syllabus” link on the Canvas course website. These discussions and assignments are open at least a week in advance. Students are advised to make back-up copies of all work and submit their work early to prevent technical issues from precluding successful submissions. If technical issues do arise with Canvas, you should ask for formal documentation from the UFIT Help Desk at the time of the issue. This documentation should be provided with your request for late submission.

**MAKE-UP POLICY FOR DISCUSSIONS & ASSIGNMENTS:** Unless otherwise noted, assignments are due at 11:59pm or before on the date indicated if submission is required via Canvas. Make back-up copies of all your work. Do not wait until the last minute to attempt your submission in case of technical issues. If technical issues do arise with Canvas, you should ask for formal documentation from the UFIT Help Desk at the time of the issue. This documentation should be provided with your request for late submission.

Please read the following carefully:

- Assignments valued at 10 points or less will not be accepted late unless it is due to emergency. See last bullet in this list for emergency guidelines.
- An on-time submission of a corrupted file or incorrect document is not considered a valid reason for resubmission. You are responsible for making

sure your uploaded work looks as expected before the submission deadline. Submission of incorrect or corrupted files will result in a zero.

- Due to the interactive nature of discussion, late discussion posts will not be accepted.
- All other late work valued over 10 points is subject to a 10% deduction in grade for every day it is late.
- If an emergency arises which causes you to miss a deadline, it is your responsibility to contact the instructor within 24 hours and provide formal documentation via email within 72 hours so that you will have an opportunity to make up what was missed. Acceptable reasons for absences/missed deadlines as defined by university policies can be found on the [Attendance Policies page](#).

**COURSE TECHNOLOGY:** All assignments will be submitted via Canvas. You may access Canvas from UF's e-Learning webpage: <http://elearning.ufl.edu/>. **Please contact the UF Help Desk, <http://helpdesk.ufl.edu> or 352-392-4357, if you have any technical difficulties with Canvas.** The instructor will not be able to help you with technical difficulties. If a technical difficulty prevents you from submitting a quiz or assignment on time, you should work with the UF Help desk to secure formal documentation of the issue and exact time of issue.

**INTERNET ACCESS:** UF students can access eduroam for free with their GatorLink log-in credentials. The eduroam network is fast and secure and has more than 10,000 wi-fi hotspots in 106 countries and territories worldwide.

**How to connect to eduroam:**

1. If you can get a Wi-Fi signal at any of the eduroam locations (see below) and your mobile device (laptop, smartphone, or tablet) has already been configured for eduroam, then you will automatically connect.
2. Otherwise, follow the instructions for connecting here: <https://it.ufl.edu/helpdesk/self-help/connectivity-issues/>.

There are more than 100 Wi-Fi hotspots in Florida, including several state university campuses and community colleges. Also, in Florida all of the UF/IFAS Research and Education Centers (REC) are equipped with eduroam, so if you live in a rural area of your county you can visit an REC to securely watch course videos and take care of your academic needs. Here's a link to all the eduroam sites in the U.S.:

<https://incommon.org/eduroam/eduroam-u-s-locator-map/>.

If you have any problems connecting, you can call (352-392-HELP/4357) or [email](#) the UF Computing Help Desk.

**ONLINE COURSE EVALUATION:** Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>."

## UF POLICIES

**UNIVERSITY POLICY ON ACCOMMODATING STUDENTS WITH DISABILITIES:** Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, [www.dso.ufl.edu/drc](http://www.dso.ufl.edu/drc) ) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. *Students with disabilities should follow this procedure as early as possible in the semester and submit their letter of accommodation to the instructor no later than Week 3 of the semester.*

**UNIVERSITY POLICY ON ACADEMIC CONDUCT:** University of Florida students are bound by the Honor Pledge. On all work submitted for credit by a student, the following pledge is required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." [The Student Honor Code and Conduct Code](#) (Regulation 4.040) specifies a number of behaviors that are in violation of this code, as well as the process for reported allegations and sanctions that may be implemented. All potential violations of the code will be reported to Student Conduct and Conflict Resolution. If a student is found responsible for an Honor Code violation in this course, the instructor will enter a Grade Adjustment sanction which may be up to or including failure of the course.

**CLASS DEMEANOR OR NETIQUETTE:** All members of the class are expected to follow rules of common courtesy in all online and in person correspondence. Safe environments are needed for learning. Be kind and keep an open mind.

**SOFTWARE USE:** All faculty, staff, and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

## GRADING POLICIES

### METHODS BY WHICH STUDENTS WILL BE EVALUATED AND GRADE DETERMINED:

Information on current UF grading policies for assigning grade points can be found at <https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>. If you have questions about course expectations or the grading procedures, or if you have difficulty accessing or understanding the course content, readings, lectures, class activities, assignments, etc., please contact the course instructor or TA immediately.

**Student Introductions and Syllabus Quiz:** Each student will be asked to formally introduce themselves to their peers and the course instructor using the Introductory Discussion Forum with the Orientation Module. Consider this a way to have notes on everyone in the class. Students must also complete the syllabus quiz within this Orientation Module. Both assignments must be completed in order to gain access to the rest of the course material.

**Module Quizzes:** Each student must complete an open-note, online quiz for modules. These quizzes are due on Sundays at 11:59pm (with the exception of holidays). These objective quizzes will ask “true/false” and/or “multiple choice” questions to assess understanding of material included within each module. Each quiz will be worth 10 or 20 points, and students will have up to 15 minutes for 10-question quizzes or 30 minutes to complete each 20-question quiz. Correct answers to all the questions can be found in your text and will not be provided within the quiz after completion. Please contact the instructor if you need help finding a correct answer.

Please note you are responsible for reading all chapters assigned in the course textbook to achieve student learning objectives set for the course. Therefore, please read each included chapter carefully and critically. Pay close attention to bolded keywords, key themes, tables, and figures as you read. It is strongly recommended to take personal notes while reading each chapter and listening to video lectures, to be prepared for each module quiz.

**Assignments & Discussions:** Students will complete a variety of individual assignments and discussions to apply knowledge and practice skills learned in the course. Interactions with videos within PlayPosit are best completed early in the module and are due no later than Monday before the start of class. Assignments or initial discussion posts will usually be due on Tuesdays, 11:59pm and will vary in content and instruction. Please be sure to read or listen to weekly announcements, read instructions carefully, and check your work with the grading rubric before submission. Module discussion replies will generally be completed in class on Wednesdays for credit unless noted otherwise in Canvas. Discussions related to the course project will always be due on Sundays with replies due one week later.

**Course Project:** In lieu of exams for this upper division course, students will work in small groups to complete a course project, which will include a series of assignments designed for students to create a lesson plan resulting in an educational screencast and material for distribution in person and/or online. Collaboration among group members and peer review across groups are emphasized in this project. Groups will be assigned after drop/add. All major due dates for project assignments are provided on the course schedule below. *Attending class regularly and holding weekly meetings with your group members will be critical to your success.*

**Perspectives Training:** As health educators, we must grow and expand our understanding of ourselves and others. Perspectives is an interactive online learning program that explores the inner workings of the mind and the psychological roots of our ideological differences. The program will provide you with insights to help you better understand yourself and others, and it will equip you with skills to navigate challenging conversations more effectively. Self-awareness and skills to navigate challenging conversations are critical to our work as health educators. Further instructions are provided in the Perspectives Training Module.

**COURSE GRADING POLICY:** Grades will be determined based on your performance on the following activities:

Assignment	Points
Videos Interactions within PlayPosit	5%
Quizzes	15%
Weekly Module Assignments & Discussions	45%
Course Project (includes individual and group submissions)	30%

Assignment	Points
