Course Description

This course examines the principles of leadership and management in the sport setting. .

Purpose of Course

This course is designed to explore the critical function of leadership in the management of sport organizations. Building from the academic foundations of industrial psychology, organizational behavior, and organizational theory, we consider the degree to which leadership is of strategic importance to organizational operations. We approach the topic from a variety of directions (including classical leadership theory, biographical studies, analyses of contemporary issues of leadership, philosophical debate, and personal experiences) and disciplines (both inside sport and out). In addition to gaining an advanced understanding of leadership theory and practice, students will consider their own approaches to leading organizations. This course will not produce new leaders. Instead, it will provide students with an environment to engage in critical thought, scholarly discourse, and philosophical debate about what it means to lead.

Course Objectives

After successfully completing this course, students should be able to:

1. Define leadership based on myriad attributes and actions rather than position in the organization
2. Identify examples of leadership from a number of unique perspectives
3. Apply classical leadership theory to contemporary management challenges
4. Collaborate with colleagues and propose real-world solutions to contemporary sport management issues
5. Develop personal leadership philosophies designed to guide future decision making
6. Recognize the scope of their own organizational influence as leaders in the sport industry

COURSE INFORMATION AND POLICIES

1. Please be aware that the online learning platform can sometimes present significant challenges. Unlike traditional classroom settings in which each student gets the same class at a set time and day, the online setting is available to you 24 hours a day and gives students the opportunity to tailor class to their schedule. Please note, however, this course is not entirely self-paced.
2. There are select times during which modules and course materials will be available to you. You can view each module's lectures at any time during the dates in which the module is open. However, quizzes, exams, discussion questions and other assignments will only be made available to you until the due date(s) listed. There will be no class meetings for me to remind you of important due dates so please be sure to reference the syllabus to familiarize yourself with these critical deadlines.
3. All assignments, discussion questions, quizzes, exams, etc. are to be completed individually (unless otherwise noted) and submitted by 11:59 PM ET on the date for which the item is due. Discussion questions, quizzes, and exams submitted after this time will not be eligible for credit.
4. If personal circumstances arise that interfere with your ability to meet a deadline, please let me know as soon as possible prior to the deadline. Only university accepted excuses will be accepted and documentation must be provided before make-up work is accepted. Requirements for make-up quizzes, assignments, and other work are consistent with university policy:
<http://gradcatalog.ufl.edu/content.php?catoid=5&navoid=1054#attendance>.
5. If you experience trouble with Canvas, your browser, access to your GatorLink account, or any other relevant issues, please contact the UF Computing Help Desk (352) 392-HELP (4357) or helpdesk@ufl.edu. In addition, please email me immediately. When available, please be sure to send me a screenshot of the issue. I will attempt to respond to your emails within 24 business hours. Please remember to include the course prefix and number in your emails and that all correspondence must be presented in a professional manner.
6. Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center (DRC) by visiting <https://disability.ufl.edu/students/get-started/>. The DRC will provide documentation to the student who must then provide this to the instructor when requesting accommodation. You must submit this documentation prior to submitting assignments and completing quizzes or exams. Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.
7. Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens. Evals can be completed through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at gatorevals.aa.ufl.edu/public-results/.
8. You have up to three (3) days after the posting of a grade to contact me regarding any issues or concerns, after which the grade is final. Grades are based on a point scale and will not be rounded.
9. This syllabus represents the tentative plans and objectives for the course. As we go through the semester, plans may need to change to enhance a course learning opportunity. Such changes will be communicated clearly, and are not unusual and should be expected.

Academic Integrity

UF students are bound by The Honor Pledge. Any individual who becomes aware of an honor code violation is obligated to take corrective action. Academic honesty and integrity are fundamental values of the University community. Students should be sure that they understand the UF Student Honor Code at <https://sccr.dso.ufl.edu/process/student-conduct-code/>.

The Honor Pledge: "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding the Honor Code."

1. Lectures
2. Readings
3. Quizzes
4. Discussion Questions

Lectures, Readings and Quizzes

Key concepts will be presented through brief lectures at the beginning of each weekly content. Each lecture will provide an overview of the central ideas associated with specific concepts for each module. The primary purpose of the lecture is to lay the foundation of the various concepts and topics of sport mass media. The primary purpose of the readings is to further explore the specific topics or roles that pertain to sport mass media. A quiz covering the readings for each module will be administered prior to discussions.

Discussion Questions

Discussion questions are used to weave key concepts presented in the lectures and readings into an integrated whole in order to further develop an understanding of the phenomenon in sport. To successfully complete and fully participate in the discussion questions, students will have to do the following:

- View the lectures
- Read and understand the assigned readings prior to the beginning of a discussion
- Prepare and post answers (**150-200 word limit combined**) to the posted discussion questions
 - Two of the ten discussion question responses must be answered via video (**2-3 minutes**)
 - If not completed, the last two weeks of discussions will be graded a 0 and cannot be dropped
- React to two discussions by supporting/disputing the views of others (**50-100 word limit**)

In summary, each weekly content will include five key tasks:

(The Sports ManagerDISC Profile is an online sports assessment to support team managers, sports administrators and other professionals working in the sports industry, in their personal and professional development.) Specific assignment details and requirements will be provided via Canvas.

Discussion Questions

For every week discussion questions are due, each student must answer the questions in 150-200 words in combined length by Friday and post reactions that are 50-100 words in length each to at least two other students' posts by Sunday. For two of the discussions, the discussion questions (not reactions) must be answered by recording (not uploading) a 2-3 minute video recording via the "Record Media" icon in the *Discussions* link via Canvas. If not completed, the last two discussions will be graded as a 0 and cannot be dropped.
