Student intern will assist the 4-H Agent in developing lessons related to Health and Nutrition and carry out lessons in Elementary and Middle schools. Lessons are to be derived but not limited to the Yumm, Yum-ee and Health Rocks curriculums. Curriculum is provided for the student as well as the materials needed for lessons. Students will conduct and create pre and post test and analyze data to determine learning gains and sustainability of the program. Students will also assist in facilitating trainings for teachers, volunteers, and youth development program professionals on said curriculums. Student will analyze and report data derived from pre post test data from these organizations.

List any important information about your agency.

4-H is a non-profit youth development program. We are sponsored by the University of Florida Institute of Food and Agricultural Science(IFAS)/ Cooperative Extension Division. Our goal is to help youth develop leadership and life skills through clubs, and school enrichment. This is a volunteer based organization and volunteers are trained to use research based curriculum developed by Land Grant Universities within their community clubs and school programs.

Would you like to be added to the Department's list of approved sites for future interns? Yes No
