

Q1.
APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.
The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete a 12-credit internship experience in their final semester of study. The experience requires a minimum of 520 clock hours or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters, or 40-45 hours a week for 13 weeks during the Summer semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergraduate and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the [APK Internship Policies and Procedures](#) Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name

Fountain-X

Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval

1000 Immokalee Rd Unit #65 Naples, FL 34110

Q10. URL of Website For Organization

<https://fountain-x.com>

Q7. Name of Individual Who Will Receive Applications From Students

Dylan Winters

Q8. Email Address of Individual Who Will Receive Applications From Students

Dylan@fountainlife.com

Q9. Phone Number of Individual Who Will Receive Applications From Students

(239) 272-1486

Q34.

Will the person receiving internship applications from students be the same person supervising the student and completing the student evaluations during the internship?

Yes

No

Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations

This question was not displayed to the respondent.

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations

This question was not displayed to the respondent.

Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Complete Student Evaluations

This question was not displayed to the respondent.

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

- Fall (August - December)
- Spring (January - April)
- Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

- Undergraduate Students
- Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

1

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

Working hours are flexible. Facility hours are weekdays 5am-9pm and weekends 7am-3pm. Interns will work 40hrs a week and can work with management to establish a schedule that works best.

Q18. Does your organization offer non-paid or paid internships?

- Non-paid
- Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

full usage of facility and amenities

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

N/A

Q23. List required skills or previous experience necessary for interning with your organization

Background in health/wellness, hospitality and customer service.

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

First Aid, CPR/AED

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

Engaging members Onboarding customers onto equipment Scheduling and billing customer appointments in Mindbody program Operating recovery modalities Answering phones Facility cleanliness/hygiene Observation of chiropractor, nutritionist, trainers and social media director

Q26. Please describe a typical day for the intern:

An intern will typically come in and assist at the front desk first - if small group training is going on then they can help pass out cold towels, put equipment back, and clean up between classes. They will also greet members coming into the facility and be available to assist them with recovery modalities, equipment questions, or scheduling. During quieter times of the day they can help clean up the facility, observe practitioners and learn more about the different components of Fountain-X.

Q28. All Interns (undergraduate and graduate) MUST be evaluated on **at least 6** of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
