COURSE & UNIVERSITY POLICIES

ATTENDANCE POLICY

The course is delivered completely online so attendance is not a part of the final grade. As noted in the following sections, your preparation for the course and participation in the course activities, including assignments and discussions, will impact your grade.

PERSONAL CONDUCT POLICY

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: 'On my honor, I have neither given nor received unauthorized aid in doing this assignment.'" The Honor Code (<http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies several behaviors that are in violation of this code and the possible sanctions.

Furthermore, you are obliged to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult the instructor.

MAKE-UP POLICY

A student who is absent from class or any required class-related activity because of illness should contact their instructor, if feasible, as early as possible prior to the missed class or activity. Students shall be permitted a reasonable amount of time to make up the material or activities covered during an excused absence. Students should contact their college by the deadline to drop a course for medical reasons. Students can petition the Dean of Students Office to drop a course for medical reasons. The university's policy regarding medical excuses from classes is maintained by the Student Health Care Center. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>."

ACCOMMODATING STUDENTS WITH DISABILITIES

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center by visiting their Get Started page at <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

CIVILITY, ACCESSIBILITY AND COMMUNITY RESOURCES

Inclusion is a UF core value, as we “celebrate differences in identities, thoughts, and abilities, and seek to provide equitable access to opportunity.” Freedom and Civility are also core values, as we “embrace the freedom to inquire and express ideas without condemnation, and to show respect for the right of others to do the same.”

We should all (instructor and students, alike) seek to uphold these core values in the course. Some of the topics we discuss will be challenging, and students will be asked to reflect on why they hold their particular views or positions. Part of the learning process involves growth and encountering new ideas and concepts. Thoughtful, critical thinkers use evidence to support their positions – not endorsing a view because they have always done so. Through the learning process, let us sustain the UF Core Values and embrace our differences while ensuring we have an equitable, inclusive learning environment.

University of Florida Core Values

Inclusion: Celebrate differences in identities, thoughts, and abilities, and seek to provide equitable access to opportunity.

- Excellence is only possible by including people who bring diverse backgrounds and perspectives. Our growing diversity enhances discovery and innovation. It is reliant on freedom and civility. It enriches the UF community. It is rooted in stewardship. It is the connective tissue for all of our Core Values.

Freedom and Civility: Embrace the freedom to inquire and express ideas without condemnation, and to show respect for the right of others to do the same.

- We are a community that affirms and embraces openness to an inclusive range of viewpoints. An open-minded culture is the foundation of freedom of expression and affirms our commitment to academic freedom, which is rooted in mutual respect of others. We encourage curiosity in research, scholarship and exploration, and we create the conditions where inquiry can flourish. We should guard others' right to express themselves as unequivocally as we expect that right for ourselves.

GRADING

Student grades will be based on a combination of reading reviews, leading a discussion on a topic, participation in online discussions, and a comprehensive presentation. This course consists of six modules, each lasting two weeks (excluding the add/drop week). At the end of the first week of every module, the reading review assignment will be due. You will be asked to be a discussion leader for one module during the semester. The materials for that assignment will also be due at the end of the first week of your designated module. At the end of the second week of each module, discussion board responses are due. Additionally, there will be three reflection papers due throughout the semester. More information about these assignments is provided below.

Evaluation Components (Number of each)	Points Per Component	Approximate % of Total Grade
Readings Reviews (6)	15 pts each = 90 pts	90 / 270 = 33.3%
Discussion Leader (1)	30 pts each = 30 pts	50 / 270 = 11.1%
Discussion Boards (6)	15 pts each = 90 pts	90 / 270 = 33.3%
Reflection Papers (3)	10 pts each = 30 pts	30 / 270 = 11.1%
Sociology and the Management of Sport (1)	30 pts each = 30 pts	30 / 270 = 11.1%

Readings Reviews: Readings Reviews are designed to prepare you for the discussion, ensure you are completing the readings, and encourage your critical reflection on the topic. They focus on the “Weekly Readings” assigned for each module. Each readings review should contain (1) a summary of the readings, and (2) your key take-aways from the readings (i.e., your thought about the readings and how you would apply the material to your work in the sport field). Devote equal attention devoted to the Summary and to the Take-Aways. The sources should be cited in the text, with references at the end. Students can choose their citation style. The Readings Review should be about 1000 words and must be submitted by 11:59 pm on the date assigned in the Course Schedule. In writing the paper, you should cite your work and provide references for all the work cited in the text. The citation still is your choice.

Students commonly adopt one of the following formats, though you can choose your own writing style:

Option 1: Summarize an individual article in one paragraph. Provide take-aways of the article in a second paragraph. Continue with subsequent articles.

Option 2: Summarize each of the articles, devoting one paragraph to each. Provide the take-aways for the articles, devoting a paragraph to each.

Option 3: Student chooses their own format, ensuring that each article is summarized and has take-aways.

Discussion Boards: Students will participate in six (6) discussion boards during the semester. Each module discussion board will include sub-boards (e.g., for Module 1: 1A, 1B, and so on), and the number of students in the class will determine the number of sub-boards. To participate, students should:

1. Choose any three (3) sub-boards in which to participate.
2. For *each of the three sub-boards chosen*, watch the video, provide an original post *and* a response to a student’s post, for a total of six (6) discussion board entries.

In responding to the posts, students should adhere to the UF Core Values of Inclusion and Freedom & Civility, as previously outlined. All discussion boards will follow this protocol:

Students will receive full credit for posts that are (1) thoughtful and articulate, (2) completed on time, and (3) represent a critical evaluation of your classmates’ posts.

Discussion Leader: Students will be assigned to lead the discussion for one of the modules in the class. I will serve as the discussion leader for Module 1. Students will be graded on their presentation and their ability to facilitate a critical analysis of the topic. The responsibility includes:

Task 1

- Submit a five-minute presentation where you present on a social issue relevant to the module topic. Students should bring in new material, such as a news article, journal publication, video, and so on. (*They should not review the material already covered in that module*). The presentation should include (1) an overview of the topic they are presenting, (2) an argument for or against the current benefits and/or drawbacks of the issue, and (3) discussion of how to improve the outcomes. Discussion Leaders should record their presentation using Voice Thread and then submit the embed code (not the shared link) of the presentation in Canvas by 11:59 pm on the due date in the syllabus. I will then post the presentation to your module discussion sub-board.

Task 2

- Facilitate an online discussion around your presentation – an activity that takes place during the second half of your respective module. Discussion Leaders should visit their sub-boards daily, make multiple postings to facilitate discussion, respond to classmates' postings, and encourage critical analysis.

** Discussion board leaders should still provide three (3) original responses and three (3) replies to other discussion boards, even on the week when they are the leader.

Reflection Papers: Some of the material covered in the class is controversial, and students might not feel comfortable sharing a particular perspective on the Discussion Board. Thus, students will complete three (3) reflection papers that afford them the opportunity to share their thoughts, reactions, and perspectives on any topic of the class. The focus may include a classmate's posting, readings, or personal experiences with the topic. The paper should not exceed 500 words, and I will be the only one who reads it. The Reflection Papers are to be submitted by 11:59 pm on the dates assigned in the Course Schedule. These are brief papers meant to capture your thoughts—not those of AI.

Sociology and the Management of Sport* – The purpose of this assignment is to apply what is learned throughout the class to the management of sport. The management of sport is considered broadly, and includes issues related to management, marketing, and governance. To complete the assignment, students should first choose a topic we covered in the course. There is no need to cover all elements in a module; rather, just make sure the topic is something we have covered in class. Then, identify how the sociological issues covered in that theme will influence the management of sport. Students should (1) review the topic, including the reading covered in the module; (2) identify the specific area of sport management that is impacted; (3) review at least three additional sources (news articles, journal articles or books) in that area of sport management, noting what researchers have found; and (4) based on that information, note how these issues will influence how they, as sport managers, will deliver sport. Thus, the assignment gives students the opportunity to reflect on what they have learned in the class and how it will impact their work in sport. Based on this information, students should record a presentation that is 7-10 minutes in duration using Voice Thread. The assignment should be submitted in Canvas by 11:59 pm on the due date in the Course Schedule.

***Graduate Final Exam Requirement**

The successful completion of the Sociology and the Management of Sport will fulfill a requirement of the Graduate Final Exam which is a requirement to be completed prior to the completion of the M.S in Sport Management degree at the University of Florida. To successfully complete the Sociology and the Management of Sport, the student must earn a minimum of 24 points (80%) on the assignment. A failure to meet the minimum of 24 points (80%) will require the student to redo the assignment, handing it into the instructor by the stated deadline, which will be before the end of the semester. However, the resubmission grade will not count towards the course but will count towards the successful completion of that Graduate Final Exam portion. A failure to successfully resubmit the Sociology and the Management of Sport will result in earning an "Incomplete" (I) grade for the course until the requirement has been met. (Please note: An "Incomplete" (I) grade becomes punitive to your overall GPA approximately one semester following the assigned "Incomplete" grade.) It is the student's responsibility to arrange with the instructor and agree in writing the timeline for successfully completing the paper in fulfillment of the Graduate Final Exam portion. If the student successfully earns a minimum of 80% on the first submission of the Sociology and the Management of Sport, then no further action is necessary.
